93	Park Headquarters, Hillside Street.	
94	Forest Street, Quincy Line.	
95	Randolph Avenue, Quincy Line.	
96	Randolph Avenue and Highland Street.	

Running Card.

Engine No. 1 and Hose No. 1 will respond to all alarms and signals.

Ladder Truck No. 1 will respond to all alarms and signals except signal **451**.

Combination No. 1 will respond to all alarms but not to signals calling for apparatus to go out of town.

Hose No. 2 will respond to first alarms from Boxes **31, 32, 34, 36, 39, 341, 41, 42, 412, 6, 62, 63, 64, 65, 67, 68, 69, 652, 671, 71, 73.**

Hose No. 3 will respond to first alarms from Boxes **35, 312, 315.**

Hose No. 4 will respond to first alarms from Boxes **12, 13, 14, 15, 17, 142, 151, 21, 23, 24, 25, 27, 35, 37, 38, 312, 315, 371, 5, 51, 52, 53, 54, 56, 57, 512, 521, 542.**

When, after an alarm has been sounded, and before the all-out signal for the same has been given, an alarm is given from another box, the alarm from the second box is to be responded to the same as a General Alarm.

Directions in Case of Fire.

Get the key to the nearest box, open and pull the lever all the way down once, then let go and close the door.

Remain at the station, if possible, after giving an alarm, to direct the firemen to the fire.

Second alarms will be given only by one of the Engineers.

Citizens are earnestly requested to keep themselves informed as to the location of the keys. Signs over each box will give the desired information.

Caution to Persons Holding Station Keys.

Never open or touch the apparatus except in case of fire.

Never sound the alarm for a fire seen at a distance, unless assistance is called for.

Be reasonably sure there is a fire before sounding the alarm.

Never let the key go out of your possession, except to some responsible person to give an alarm of fire, and be sure the key is returned.

If you remove from your house or place of business, return the key to the Engineers at once.

76th
ANNUAL TOWN REPORT

OF

MILTON

MASS.

FOR THE YEAR ENDING

DECEMBER 31, 1912

COMPILED BY

THE AUDITORS

POOLE PRINTING CO.
251 CAUSEWAY STREET
BOSTON

STATEMENT OF THE AUDITORS

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending Dec. 31, 1912, and have found the same correct.

Respectfully submitted,

JAMES F. MITCHELL
WILLIAM B. BATCHELDER } *Auditors*

Milton, Mass., Dec. 31, 1912.

(3) Term expires May, 1913.

REVISED BY-LAWS.

TOWN OF MILTON, MARCH 2, 1902.

Adopted by the Town and approved by the Superior Court May 20, 1902.

CHAPTER 1.

General Provisions.

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The words *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Law shall, when received, inure to the use of the town, and be paid into the town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any town officer or board of town officers, issued under any of the By-Laws of the town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the town may be repealed or amended, or other By-Laws may be adopted, at any town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2.

TOWN MEETINGS.

SECTION 1. The warrants for all town meetings shall be directed to the constables of the town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of town officers shall be held upon the first Monday of March, the polls to be open at seven o'clock in the forenoon, and after the election of a Moderator, they shall remain open until two o'clock in the afternoon for the election of such other town officers as are required by law to be elected by ballot, all said officers to be voted for on one ballot. At any time after 2 P.M. a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. After the closing of the polls and the election of other town officers, the remaining articles in the warrant shall be considered.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall

be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the town meeting of the ensuing year.

CHAPTER 3.

THE WARRANT COMMITTEE.

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

Sect. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the town, the subject-matter of which is generally included in the warrants for its town meetings; and the officers of the town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the town or its citizens.

Sect. 3. The Warrant Committee shall consider the various articles in the warrants for all the town meetings held during the period for which they were appointed, including the various articles in the warrant for the annual town meeting next after their appointment; and they shall report in print before all such town meetings their estimates and recommendations for the action of the town.

CHAPTER 4.

The Town's Finances and Property.

Section 1. The financial year shall begin with the first day of March.

Sect. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the town, a detailed report of all moneys received into and paid out of the town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report

shall be printed the records of all meetings of the town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the trustees respectively, and a statement of all other funds belonging to the town or held for the benefit of its inhabitants; also statements of the liabilities of the town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of November in the same year; and on all such taxes as are not paid on or before the said first day of November, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 71 of Chapter 490 of the Acts of the year 1909, Part 1, and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of November in the same year.

SECT. 5. No person being an officer of the town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the town.

SECT. 6. The Selectmen, being duly authorized by vote of the town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the town, and to give promissory notes therefor in behalf of the town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

SECT. 9. To provide for extraordinary expenditures of departments, should any become necessary in excess of appropriations made, the town shall annually appropriate a certain sum of money to be known as the Contingent Fund. No direct drafts against this fund shall be made, but transfers from the fund may be made by vote of the Warrant Committee to the account of any other appropriation. A certified copy of such vote shall be sent to the Town Treasurer, and the Treasurer shall transfer accordingly, and honor drafts against the funds so transferred as if originally appropriated.

SECT. 10. No board, committee, or officer of the town shall commit the town to any expenditure or liability which

would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the town, at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the town.

SECT. 12. The Selectmen shall have full authority as agents of the town to institute and prosecute suits in the name of the town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the town, unless the town shall otherwise vote in any special case.

SECT. 14. Two Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5.

THE CEMETERY.

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6.

Police Regulations.

Section 1. No person shall move or assist in moving any building, over any way which the town is obliged to keep in repair, without the written permit of the Selectmen

being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public

way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the town for all expenses and damages which, or for which, the town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be

propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in

connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any signboard of the town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge

or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, fire-arm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have

painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

Sect. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

Prosecutions and Penalties.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the town may be made by any constable or police officer of the town.

CHAPTER 7.

The Construction and Inspection of Buildings.

Section 1. There shall be in the town a department for the Inspection of Buildings, which shall be furnished with office room and such supplies for the transaction of business as the Selectmen may provide.

Sect. 2. The officer of said department shall be called the Inspector of Buildings. He shall be appointed by the Selectmen, and shall hold office until his successor is appointed. His compensation shall be regulated by the Selectmen.

Sect. 3. Wherever the word Inspector without further addition occurs in this chapter, it means the Inspector of Buildings.

Sect. 4. The Inspector shall keep a record of all business of the department, and shall submit to the Selectmen such reports of the same as they may require.

Sect. 5. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within said town at any reasonable hour.

Sect. 6. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or, if there be no such newspaper, in one published in the city of Boston, pass a vote designating building limits within the town; and upon the acceptance of said vote by the town at a meeting called as provided by law, said building limits shall be established. Said building limits may comprise the whole or any specified part or parts of the territory of the town.

Sect. 7. Until building limits are established as provided in Section 6, the provisions of this chapter shall apply to the erection, alteration and removal of buildings and other structures throughout the town. After the establishment of such building limits said provisions, save as otherwise specified therein, shall apply to the erection, alteration and removal of buildings and other structures within such building limits only.

Sect. 8. No work shall be done upon any wall, building or other structure except such repairs as may be necessary for the preservation of the same, nor shall any wall, building, or other structure be erected, raised, moved, enlarged, altered, or torn down, without a permit from the Inspector.

Sect. 9. Applications for such permits shall be in writing upon blanks furnished by the town, and shall be directed to the Inspector, who shall keep a record of the same.

Sect. 10. In the case of an application for a permit to erect, raise, move or alter a building or other structure where the Inspector is of opinion, because of all the circumstances, that the reasons for the provisions of this chapter do not apply, the Inspector may, with the consent in writing of the Selectmen, issue a special permit waiving all or any of said

provisions. But before such permit is granted, three days' notice in writing from the Inspector shall be served upon all persons owning land within two hundred feet of the proposed building or structure, in order that such owners may be heard in opposition to the granting of such permit. The Selectmen shall keep a record of all such permits to which they consent.

SECT. 11. The framing plans and specifications of every building or other structure, and of every alteration in a building or other structure, for which a permit is required, shall be deposited temporarily with the Inspector. A copy of the plans and specifications of public buildings and of every alteration in a public building shall be deposited permanently with him. All plans and specifications deposited under this section shall be dated and signed by the Inspector immediately upon being received by him.

SECT. 12. Every permit issued by the Inspector shall state the purpose for which the building is to be used, and the conditions, if any, under which it is granted. All permits issued shall be recorded in detail, and said records shall be preserved.

SECT. 13. The Inspector shall not give a permit for the erection of any building or other structure until he has inspected the plans and specifications thereof, and ascertained that the building as planned has sufficient strength, proper means of ingress and egress, and that it conforms to the law and the By-Laws of the town, or for the alteration of any building or other structure already erected, until he has examined said building or other structure and the plans and specification of said alteration, and has satisfied himself that said building as altered will have sufficient strength, proper means of ingress and egress, and will conform to the law and the By-Laws of the town.

SECT. 14. The Inspector shall inspect all work for which a permit has been issued, and shall see that it is being carried on according to law and the By-Laws of the town.

SECT. 15. No permit for the erection of any building to be used as a factory, or in which steam or other motive power is to be used, or which is to be used for the manufacturing of chemicals, or for the alteration or the moving of any building for any of such uses, shall be granted until after public hearing before the Selectmen; and no building for any of such purposes shall be erected, altered or moved without such permit. Notice of such hearing shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town, and on the public bulletin boards in the town, and by mailing a copy of the same to the owners of premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business, and by publishing the same in a newspaper published in the town, or, if there be no such paper, in one published in the city of Boston.

SECT. 16. No boiler to furnish steam for power shall be set or erected, except on a permit from the Inspector, issued after a hearing as prescribed in the preceding section.

SECT. 17. Permits for the erection, alteration, or moving of any building to be used as a stable in which more than four horses are to be kept shall only be granted after hearing as provided in Section 15. Notice of such hearing shall be sent to the Board of Health of the town, in addition to the notices prescribed in said Section 15.

SECT. 18. The provisions of Sections 15, 16 and 17, shall apply to the whole town irrespective of building limits.

SECT. 19. The Selectmen may, in their discretion, after a hearing as provided in Sections 15, 16 and 17, instruct the Inspector not to issue the permit asked for, and in such case no such permit shall issue.

SECT. 20. In case the owner of any building or other structure, or an applicant for a permit to erect, move or alter a building or other structure, is dissatisfied with any order or decision of the Inspector made in any of the proceedings

prescribed in this chapter, the matter shall be referred to the Selectmen, who, within one week from said reference, shall hear the parties, and after taking such expert opinion as may seem to them to be necessary, give their decision. In case the decision of the Inspector is affirmed, the expense of any expert opinion taken by the Selectmen shall be paid to the town by the owner or applicant on demand; otherwise such expense shall be borne by the town.

SECT. 21. Every portion of every building or other structure in process of construction, alteration, repair or removal, and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 22. All chimneys shall be built of brick or stone, and shall be lined with flue lining starting two feet below all thimble holes and at least two feet below the under side of first-floor timbers, and extending above the roof boarding; or shall have an eight-inch brick or stone wall from the foundation to the roof boarding, and shall be topped at least three feet above the highest point of contact with roof.

SECT. 23. No nails shall be driven into any chimney at any point; and no woodwork shall be within one inch of any chimney.

SECT. 24. Sills and girders shall be of sufficient size to safely support the superstructure.

SECT. 25. All woodwork, including lath and plaster, within two feet of any heating apparatus or smoke pipe, and all woodwork, including lath and plaster, coming in contact with any pipes from said apparatus, shall be properly protected by a metal or stone shield.

SECT. 26. All partitions in which hot air pipes run shall be lined with sheet metal, or the pipes shall be wound with asbestos covering.

Sect. 27. Where dwellings of more than two stories are to be occupied by more than two families, there shall be at least two flights of stairs from the ground floor to the top floor, or one flight from the ground floor to the top floor inside, together with an approved fire escape outside.

Sect. 28. The studding of main or carrying partitions shall be not less than four inches in thickness, and shall have a proper support at bottom with a header not less than three inches in depth unless hard pine is used, then it may be two inches. All openings in main partitions of more than thirty inches shall be trussed over and have double studding at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding, and two inches thick at least once in height.

Sect. 29. The studding in outside walls and in partitions shall be not more than sixteen inches on centres unless permission is otherwise granted.

Sect. 30. For buildings other than wooden dwelling-houses the size of floor timbers shall be of sufficient size in the opinion of the Inspector to safely carry the weight intended. In wooden dwelling houses the floor timbers for a 12 to 14 foot span shall be not less than 2 x 8; for a 14 to 16 foot span, not less than 2 x 9; for a 16 to 18 foot span, not less than 2 x 10; for an 18 to 20 foot span, not less than 2 x 12; in every case the timbers shall be not more than 16 inches apart on centres.

Sect. 31. All headers and trimmers shall be double the thickness, framed together and pinned or hung in stirrup iron and joint bolted.

Sect. 32. All floor joists on the first floor shall be framed in even with the bottom of the sill and stopped off between where they come above the sills, either with joists or brick. Fire stops, the full width of the studding, and not less than

three inches thick, shall be cut in on top of the floor joists on each floor above the first floor.

SECT. 33. All floor timbers shall be bridged, in a space of more than eight feet, with 1 x 3 inches, or 2 x 3 inches, stock, properly nailed at each end.

SECT. 34. The rafters of all buildings shall be of sufficient size, in the opinion of the Inspector, to safely carry the weight that must necessarily be put upon them, and be placed not over twenty inches apart on centres.

SECT. 35. In dwellings arranged for two or more families, side by side, the vertical division walls between the families shall be either of brick not less than eight inches thick and continued without break or interruption from cellar bottom to roof boarding, or of studding not less than four inches in thickness; and the spaces between the studding shall be filled solid, either with brick and mortar, mineral wool, or other incombustible material, approved by the Inspector, and this fire-proof filling shall continue up to the roof boarding.

SECT. 36. All hearths shall be supported by trimmer arches of brick or stone.

SECT. 37. All piers shall be built of brick or iron columns on proper stone or brick footing, and be of such size as to safely carry the weight they are intended to sustain. Brick piers shall be built of hard-burned brick laid in cement mortar.

SECT. 38. All wooden buildings hereafter erected shall have the sills, posts and girts mortised, tenoned and pinned together and supported by suitable studding, and shall be properly braced. End girts shall be placed in all wooden buildings. Sills shall not be less than 6 x 6 inches and shall be properly tied to all girders, and a sufficient number of floor timbers shall be tenoned and pinned to same to keep the building from spreading.

SECT. 39. Posts and girts shall be not less than 4 x 6 inches, other posts not less than 4 x 8 inches, and plates not less than 4 x 4 inches.

SECT. 40. No wooden building shall be built within two feet of the line of an adjoining lot, unless a brick wall at least eight inches in thickness shall be substituted for the wooden wall next said line.

SECT. 41. Every wooden building or structure hereafter erected shall have a stone or brick foundation resting upon the solid ground or upon concrete, piles, or other durable substructure; said foundation shall be securely and properly built, shall have a sufficient amount of large stone extending through the wall to properly bond and tie it together, and shall be of such thickness as to properly sustain the weight it is intended to support.

SECT. 42. The underpinning above grade, if of brick, shall be not less than ten inches in thickness; if of stone, not less than fourteen inches in thickness, and shall be laid in mortar.

SECT. 43. All foundation walls shall be laid at least three inches below cellar bottom, and not less than three feet six inches below any adjoining surface exposed to frost.

SECT. 44. Every building or structure hereafter built of brick, stone, iron or other hard and incombustible materials shall have foundations resting upon the solid ground, or upon concrete, piles or other durable substructure, and not less than four feet below any adjoining surface exposed to frost.

SECT. 45. Foundation walls for such buildings as are designated in Section 44 shall be built of brick, stone or other suitable substance, properly bonded and solidly built with one-half cement mortar.

SECT. 46. For brick buildings with walls not exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall not be less than thirty inches thick at bottom and twenty inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than

sixteen inches the entire height, and shall rest on a footing course twelve inches high and twenty-four inches wide.

SECT. 47. For brick buildings exceeding thirty-five feet in height the foundation walls, if built of common stone, shall be not less than thirty-six inches thick at bottom and twenty-four inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than eighteen inches thick the entire height, and rest on a footing course twelve inches high and thirty inches wide.

SECT. 48. Party or partition walls shall be built upon a footing course of stone or brick not less than four inches each way larger than thickness of the wall it is to sustain, and twelve inches high.

1888497

SECT. 49. External walls of brick buildings less than fifteen feet in height shall be not less than eight inches thick; over fifteen and less than thirty-five feet in height they shall be not less than twelve inches thick, except when the building is used as a dwelling-house, then the walls of the upper story may be not less than eight inches thick; over thirty-five feet in height the walls shall be not less than sixteen inches thick to the top of second floor, and twelve inches thick the remaining height.

SECT. 50. In every brick wall at least every ninth course shall be a heading or bonding course, except where walls are faced with face brick, in which at least every ninth course shall be bonded with Flemish headers, or by cutting the courses of face brick and putting in diagonal headers behind the same, or by splitting face brick and backing them with a continuous row of headers.

SECT. 51. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 52. In reckoning the thickness of walls, no allow-

ance for ashlar shall be made unless it is at least eight inches thick, in which case the excess over four inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

Building Grades.

Sect. 53. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or if there be no such newspaper, in one published in the city of Boston, and by giving personal notice to the owners of and to be effected by delivering to such owners a copy of said notice or by depositing the same in the post-office, post-paid and addressed to them at their last known residence or place of business, pass a vote designating a building grade or building grades for any part or parts of the town; and on the acceptance of such vote by the town at a meeting called as provided by law, said building grade or building grades shall be established.

Sect. 54. Said building grade or building grades may be at different heights above the level of the sea in different parts of the town, as the nature of the ground may require.

Sect. 55. No cellar floor of any building erected on land for which a building grade has been established, nor any part, except the foundation, of a building on such land which has no cellar, shall be below said grade.

Other Provisions.

Sect. 56. The Inspector in the name of the town may take such measures as the public safety requires, to carry

the provisions of this chapter into effect; and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

SECT. 57. Any person violating any of the provisions of this chapter shall be liable to a fine of not less than $20, nor more than $100, for each offence.

CHAPTER 8.

THE REGULATION AND INSPECTION OF PLUMBING.

SECTION 1. The word Inspector, without further addition, wherever used in this chapter, means the Inspector of Plumbing.

SECT. 2. No person shall carry on the business of plumbing unless he is a plumber and shall have first registered his name and place of business in the office of the Inspector of Buildings; and notice of any change in the place of business of a registered plumber shall be immediately given to said Inspector of Buildings.

SECT. 3. Every plumber before doing any work in a building shall, except in the repair of leaks, file at the office of the Inspector upon blanks furnished for that purpose a notice of the work to be performed; and no such work shall be done in any building without the approval of the Inspector.

SECT. 4. No pipes or other fixtures shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All plumbing work shall be subjected to the water test before the fixtures are set. After all the fixtures

are set the work shall be subjected to the smoke, peppermint or other reliable test under pressure. All such tests shall be made in the presence of the Inspector.

Sect. 6. The sewage and waste piping of every house or building shall each be separately and independently connected with the street sewer, where one is provided, or with a proper cesspool; and where there is no sewer in the street, and it is necessary to construct a private sewer to connect with one on an adjacent street, such system shall be used as may be approved by the Inspector.

Sect. 7. The soil-pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil-pipes shall be of extra heavy cast-iron pipe. All drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast-iron with leaded and calked joints, but galvanized wrought-iron pipe may be used for vent purposes; all such pipes shall be properly secured to walls and ceilings with wrought-iron hangers. Waste-pipes shall be of cast-iron, of lead, or of annealed brass of a thickness not less than No. 13 Stubbs gauge with brass or cast-iron recessed fittings. No soil-pipe of any building shall be less than 4 inches inside diameter, except by written permission of the Board of Health. No vent-pipe shall be less than $1\frac{1}{2}$ inches inside diameter. No waste-pipe shall be less than $1\frac{1}{4}$ inches inside diameter.

Sect. 8. All drain-pipes shall have a proper pitch, shall have an accessible clean-out, and shall extend to a point 10 feet outside of the cellar wall. The pipe from the sewer or cesspool to within 10 feet of the cellar wall shall have tight joints. The clean-out, if made accessible, may be placed outside of the cellar wall. All drain or ventilation pipes shall extend undiminished in inside diameter at least 2 feet above the highest window on the roof. Every drain-pipe, except a drain-pipe from a building having but one sink or but one sink with adjoining trays,

shall have a suitable trap placed with an accessible clean-out at a reasonable distance from the point where such drain-pipe leaves the building. All changes in direction of soil-pipes shall be made by Y branches or by curved pipes. No ventilation pipe on the outside of any building shall be less than 2 inches inside diameter.

SECT. 9. All joints in iron drain-pipes, soil or vent pipes shall be made by thoroughly calking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full-sized wiped joint and calking the ferrules to pipes which are of cast-iron, or screwing them to pipes which are of wrought-iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop-hopper, and every tray or set of four or less wash-trays shall have a separate trap, placed as near the fixture as possible, except that when two sinks or two basins or a sink and a set of four or less wash-trays adjoin, one trap shall be sufficient. A basin and bath-tub adjoining shall each have a separate trap, and in no case shall the waste from the bath-tub or other fixtures be connected with the water-closet trap or water-closet lead outlet pipe. All fixture traps shall be protected from syphonage or air pressure by special vent-pipes having a diameter not less than the diameter of the waste-pipe and connected with the waste-pipe at a point not lower than the seal of the trap in such manner as to make the vent-pipe a continuation of or a Y branch from the waste-pipe, except that the highest fixture on a stack which extends through the roof shall not require such special vent-pipe unless the length of the waste-pipe from the trap of said fixture to the said stack exceeds 3 feet. Lead vent-pipes may be used only where they are exposed to view. Vent-pipes for water-closets shall be of not less than 2 inches bore and may be connected with the water-closet waste-pipe below the level of the trap seal. Two or more vent-pipes may be connected together or with a soil-pipe, but

such connection with a soil-pipe shall be above the uppermost fixture connected with such soil-pipe.

SECT. 11. No drip- or overflow-pipes from safes under water-closets, urinals, or other fixtures, no overflow-pipes from tanks or cisterns, no waste-pipes from refrigerators or other receptacles in which food is stored, no rain-water conductors, and no steam exhaust-pipes or steam waste-pipes, shall be connected with any soil-pipe. No openings shall be allowed in the soil- or waste-pipe of any building for the purpose of receiving the surface drainage of the cellar except by permission of, and in a manner satisfactory to, the Board of Health. No brick, sheet metal, earthenware, or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil- or waste-pipe.

SECT. 12. Every water-closet or line of water-closets on the same floor inside of the building proper shall be supplied with water from a tank, and shall have a flushing pipe of not less than $1\frac{1}{4}$ inches diameter inside.

SECT. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. Every privy vault shall be at least four feet distant from the line of an adjoining lot, unless by the consent of the owner of such lot; and every vault shall be so constructed as to be conveniently approached, opened and cleaned, and shall be made tight, so that the contents thereof cannot escape therefrom, if, in the opinion of the Inspector, the surroundings require it.

SECT. 15. No water-closet shall be inclosed with any upright woodwork.

SECT. 16. None of the provisions of the foregoing Sections of this Chapter shall apply to the drainage systems of barns and stables, except so far as ordered by the Board of Health, and all drainage systems of barns and stables shall be constructed according to plans approved in writing by the Board of Health.

Sect. 16. In the case of any dispute or difference in opinion between the Inspector and any person, the same shall be submitted by either party to the Local Board of Health, who shall pass upon the same, and whose finding therein, after hearing, shall be final and conclusive upon all parties. No member of said board shall sit in a case in which he is interested, and in case of such disqualification, or of the necessary absence of any member, the two other members shall appoint a substitute. If two or more members are so disqualified or absent, the Inspector shall appoint one substitute, the appellant another, and the two so appointed shall, if necessary, appoint a third.

Sect. 17. The Inspector of Buildings, in the name of the town, may take such measures as the public safety requires, to carry the provisions of this chapter into effect, and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

Sect. 18. A person violating any of the provisions of this chapter shall be liable to a fine not exceeding $50.

CHAPTER 9.

Street Railways.

Section 1. The annual report shall contain the following concerning the street railways in the town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made

by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10.

TOWN WAYS.

SECTION 1. Every way that shall be laid out for the acceptance of the town as a town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the town as a town way, the document relating to such laying out shall be accompanied by a certificate of a competent civil engineer, which shall be filed in the office of the Town Clerk, together with said document, before such way shall be accepted. The said certificate shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the

town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the town.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON.

March 19, 1866. *Voted,* To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

March 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

March 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

March 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

December 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

March 1, 1880. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

March 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

March 7, 1881. *Voted,* To accept the Act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners."

March 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

February 12, 1891. *Voted,* To accept the Act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

March 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of Town Officers.

February 3, 1894. *Voted,* That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year 893, relative to the election of a separate Board of Assessors.

November 28, 1894. *Voted,* That the Town hereby accepts the provisions of Chapter 324 of the Acts of the Legislature of 1894, entitled, "An Act Relative to the Reservation of Spaces in Public Ways."

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 309 of the Acts of 1885, entitled, "An Act Authorizing Cities and Towns to License Groves, to be Used for Picnics and Other Lawful Amusements."

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Section 272 of Chapter 417, Acts of the Legislature of 1893, relating to the election of Sewer Commissioners in towns.

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 462 of the Acts of the Legislature of 1893, entitled "An Act to Authorize the Establishment of a Building Line on Public Ways."

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 218 of the Acts of the Legislature of 1894, as amended by Chapter 473 of the Act of the same year, being "An Act Relative to the Election of Boards of Health in Towns."

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Sections 20 and 21 of Chapter 50 of the

Public Statutes, relating to the establishment and grading of sidewalks, by the Selectmen.

JUNE 29, 1895. *Voted,* That the Town accept the provisions of Chapter 304 of the Acts of 1895, entitled, "An Act to Authorize the Town of Milton to Construct One or More Systems of Sewerage."

MARCH 1, 1897. *Voted,* That the Town accept Chapter 101 of the Public Statutes, entitled, "Of the Suppression of Common Nuisances."

MARCH 1, 1897. *Voted,* That the provisions of Chapter 481 of the Acts of the year 1894, be accepted, entitled, "Regulation and Inspection of Buildings."

MARCH 5, 1900. *Voted,* That Chapter 344, Acts of 1899, entitled, "An Act to Make Eight Hours a Day's Work for City and Town employees," be accepted.

MARCH 3, 1902. *Voted,* That the Town accept Section 18 of Chapter 122 of the Revised Laws, relative to the appointment of an Inspector of Wires.

MARCH 3, 1902. *Voted,* That the Town accept Chapter 38 of the Revised Laws of Massachusetts, relative to the election of a treasurer of Public Library Trustees.

JULY 14, 1902. *Voted,* To accept Chapter 307 of the Acts of 1902, entitled, "An Act to Supply the Town of Milton with Water."

AUGUST 16, 1902. *Voted,* To accept Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to jurisdiction of towns over highways and county bridges.

MARCH 2, 1903. *Voted,* To accept Sections 20 and 21, of Chapter 25 of the Revised Laws of Massachusetts, relating to public baths, etc.

MARCH 2, 1903. *Voted,* To accept Section 339 of Chapter 11 of the Revised Laws, and Acts in amendment thereof

and in addition thereto, relative to the election of Overseers of the Poor.

March 7, 1904. *Voted,* To accept Section 70 of Chapter 75 of the Revised Laws, relating to privy vaults.

March 6, 1905. *Voted,* To accept Chapter 103 of the Revised Laws, relative to supervision of plumbing.

July 21, 1905. *Voted,* To accept Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths.

March 1, 1909. *Voted,* To accept the provisions of Chapter 476, Acts of 1908, relative to vacations of members of Police departments.

March 7, 1910. *Voted,* To accept the provisions of Section 43 of Chapter 49 of the Revised Laws, relative to the grading and construction of sidewalks.

MILTON TOWN RECORDS IN THE MUNICIPAL YEAR 1912-1913

MARCH MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS, NORFOLK, ss.

To either of the Constables of the Town of Milton, greeting:—

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs, to meet at the Town Hall in said Milton the fourth day of March next, at six o'clock A.M., then and there to act upon the following articles, to wit:—

ARTICLE 1. To choose a Moderator to preside at said meeting.

ARTICLE 2. To choose all such Town officers as are required by law to be chosen by ballot; also on the same ballot to vote "Yes" or "No" in answer to the question, 'Shall licenses be granted for the sale of intoxicating liquors in this Town?" The polls to be opened at six o'clock in the forenoon and may be closed as early as two o'clock in the afternoon.

ARTICLE 3. To choose all such Town officers as are not required by law to be chosen by ballot.

ARTICLE 4. To hear and act upon the Auditors' report, and reports of other Town officers and committees.

ARTICLE 5. To see what sum of money the Town will

appropriate for the support of the schools the ensuing year.

ARTICLE 6. To see what sum of money the Town will appropriate for the transportation of pupils the ensuing year.

ARTICLE 7. To see what sum of money the Town will appropriate for the medical inspection of the pupils of the public schools the ensuing year, the same to be expended under the direction and at the discretion of the School Committee.

ARTICLE 8. To see what sum of money the Town will appropriate to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of school lots the ensuing year.

ARTICLE 9. To see what sum of money the Town will appropriate for the general uses of the Board of Park Commissioners the ensuing year.

ARTICLE 10. To see what sum of money the Town will appropriate for the Street Department the ensuing year.

General Expenses	Street Watering
Construction of Sidewalks	Removal of Ice and Snow

Maintenance of Public Fountains

ARTICLE 11. To see what sum of money the Town will appropriate for Soldiers' relief the ensuing year.

ARTICLE 12. To see what sum of money the Town will appropriate for State Aid the ensuing year.

ARTICLE 13. To see if the Town will appropriate the sum of $250 to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

ARTICLE 14. To see what sum of money the Town will appropriate for street lighting the ensuing year.

ARTICLE 15. To see if the Town will vote to accept Hutchinson Street as altered by the Selectmen.

ARTICLE 16. To see what sum of money the Town will appropriate for the Fire Department the ensuing year.

ARTICLE 17. To see if the Town will vote to change the name of Quarry Street (running from Randolph Avenue to Pleasant Street) to Reedsdale Road.

ARTICLE 18. To see what sum of money the Town will appropriate for the use of the Department of Wires the ensuing year.

ARTICLE 19. To see what sum of money the Town will appropriate for the Police Department the ensuing year.

ARTICLE 20. To see what sum of money the Town will appropriate for the support of the poor the ensuing year.

ARTICLE 21. To see what sum of money the Town will appropriate for the Health Department the ensuing year.

ARTICLE 22. To see what sum of money the Town

will appropriate for the collection of ashes and garbage the ensuing year.

Article 23. To see whether the Town will vote to refer the whole matter of the disposal of ashes and garbage to a committee of three citizens to be appointed by the Moderator and to report at the next March meeting.

Article 24. To see what sum of money the Town will appropriate for hydrant service the ensuing year.

Article 25. To see what sum of money the Town will appropriate for the extension of water mains the ensuing year.

Article 26. To see what sum of money the Town will appropriate for the maintenance of the Sewer Department the ensuing year.

Article 27. To see what sum of money the Town will appropriate for the extension of the sewerage system the ensuing year.

Article 28. To see what sum of money the Town will appropriate for the public library the ensuing year.

Article 29. To see what sum of money the Town will appropriate for miscellaneous expenses the ensuing year.

General Expenses	Town Hall and Lot
Interest	Printing
Abatements	Insurance
Contingent	

ARTICLE 30. To see if the Town will vote to erect two electric lights on Robbins Street, between Blue Hill Avenue and Canton Avenue, and appropriate money for the same.

ARTICLE 31. To see if the Town will direct its Selectmen to prepare a division of the Town into convenient voting precincts as provided in Chapter 560, Section 195, of the Acts and Resolves of the General Court in the year nineteen hundred and seven.

ARTICLE 32. To see if the Town will vote to erect eighteen electric lights on Granite Avenue, from Hope Avenue to Granite Bridge, and appropriate money for the same.

ARTICLE 33. To see if the Town will vote to erect two electric lights on Blue Hill Terrace Street, between Blue Hill Avenue and Oak View Street, and appropriate money for the same.

ARTICLE 34. To see what sum of money the Town will appropriate for salaries the ensuing year.

ARTICLE 35. To see what sum of money the Town will appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests, injurious to trees, the ensuing year.

ARTICLE 36. To see what sum of money the Town will appropriate to be expended by the Tree Warden in the extermination of the gypsy and brown-tail moths.

ARTICLE 37. To see what salary (if any) the Town will vote to pay the Tree Warden.

Article 38. To see if the Town will vote to accept Orono Street, as laid out by the Selectmen, as a Town way.

Article 39. To see what sum of money the Town will appropriate for the improvement of the Cemetery the ensuing year.

Article 40. To see what sum of money the Town will appropriate towards the restoration of the Jason Reed Cemetery Fund.

Article 41. To see what sum of money the Town will appropriate towards the restoration of the Elizabeth T. L. Reed Public Park Fund.

Article 42. To see what sum of money the Town will appropriate towards the restoration of the Perpetual Care Fund.

Article 43. To see if the Town will vote to accept the provisions of Chapter 327 of the Acts of 1904 relative to the pensioning of permanent members of the Police and Fire Departments.

Article 44. To see what sum of money the Town will appropriate for the general uses of the Board of Assessors the ensuing year.

Article 45. To see if the Town will authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer when appointed Collector may use.

Article 46. To see what sum of money the Town

will appropriate for the purpose of obtaining clerk hire to act in connection with the Assessors and Tax Collector.

Article 47. To fix the rate of interest on taxes unpaid after a time fixed by the Town.

Article 48. To see what action the Town will take in regard to borrowing money in anticipation of taxes.

Article 49. To see if the Town will vote to accept Whitelawn Avenue, as laid out by the Selectmen, as a Town way.

Article 50. To see what sum of money the Town will appropriate to be expended by the Selectmen for a band concert and athletic sports for the celebration of the Fourth Day of July.

Article 51. To see if the Town will authorize the Park Commissioners to take or acquire, by purchase or otherwise, the land and buildings bounded southerly by Canton Avenue and Brook Road, westerly by Central Avenue, northerly and easterly by land of Mary L. Stone, Katherine F. Sherwood and Alice T. Herrick, or a part of all such land, all substantially as shown on a plan by Frederick P. Hall, entitled "Proposed Park in Milton," dated January 1912, a copy of which is on file with the Park Commissioners, and to impose such restrictions on such land or any part thereof and to enter into such agreements concerning the same, or any part thereof, as to them may seem desirable, and to see what sum of money the Town will appropriate for such purposes and to determine how the money shall be raised.

Article 52. To see if the Town will vote to authorize its Park Commissioners to take or acquire by purchase

the parcel of land bounded by Granite Place, Belcher Circle, Bates Road, containing about 83,000 square feet, to be used for park purposes, and appropriate money for the same.

Article 53. To see what action the Town will take to provide suitable observance of the 250th anniversary of the incorporation of the Town, and appropriate money for the same.

Article 54. To see if the Town will vote to authorize the Selectmen to employ counsel to represent the Town at hearings before Committees of the General Court.

Article 55. To see if the Town will vote to accept Chapter 146 of the Acts of 1911, authorizing the Town to establish an Art Commission.

Article 56. To see if the Town will vote to erect two electric lights on Hollis Street, and appropriate money for the same.

Article 57. To see if the Town will vote to erect one electric light on Babcock Street at the intersection of Webster Place, and appropriate money for the same.

Article 58. To see if the Town will vote to erect one electric light on Webster Place, and appropriate money for the same.

Article 59. To see if the Town will vote to erect twelve electric lights on Brook Road, from Canton Avenue to Adams Street, and appropriate money for the same.

Article 60. To consider and act upon the question of taking measures to prevent the breeding and spread

of house flies and mosquitoes in the Town of Milton, and to appropriate money for the same.

Article 61. To see if the Town will vote to change its By-laws by striking out Article 7, Section 40, and inserting in place thereof the following:

No wooden building hereafter erected shall be built within six feet of the line of an adjoining lot and if built on the land of the same owner nearer than twelve feet of any other building, unless a brick wall of at least eight inches in thickness shall be substituted for the wooden wall.

Article 62. To consider and act upon the question of taking measures to secure better housing regulations for the Town of Milton.

Article 63. To see what sum of money the Town will appropriate towards completing the installation of Hose No. 3 in the south section of the Town.

Article 64. To see if the Town will vote to extend Kahler Avenue through to Thacher Street, as laid out by the Selectmen.

Article 65. To see if the Town will vote to erect three electric lights on Kahler Avenue, and appropriate money for the same.

Article 66. To see if the Town will vote to erect two electric lights on Elm Street, and appropriate money for the same.

Article 67. To see what action the Town will take with reference to becoming a subscriber under Chapter

751 of the Acts of 1911, commonly called the Workmen's Compensation Act, and to appropriate money for the same.

ARTICLE 68. To see if the Town will vote to accept the provisions of Chapter 468 of the Acts of 1911, relative to the extension of the Civil Service Act to the Chiefs of Police in certain cities and towns.

ARTICLE 69. To see if the Town will vote to appropriate $1,000 for repairs and development of Brook Road Playground, said sum to be expended according to the discretion of the Park Commissioners.

ARTICLE 70. To see if the Town will vote to erect three electric lights on the private way known as Churchill Street (running from Blue Hill Avenue to Blue Hills Parkway), and appropriate money for the same.

ARTICLE 71. To see if the Town will vote to install a new fire alarm box in the Vose School and appropriate money for the same.

ARTICLE 72. To see if the Town will vote to accept the provisions of Chapter 314 of the Acts of 1911 relative to authorizing the school committees to expend money for the supervision of sports.

ARTICLE 73. To see if the Town will vote to accept the provisions of Chapter 367 of the Acts of 1911 relative to the use of school halls for other than school purposes.

ARTICLE 74. To see what action the Town will take toward continuing the improvement of the Town Landing and what sum of money it will appropriate for the same.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Town fourteen days at least before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, this sixteenth day of February, nineteen hundred and twelve.

MAURICE A. DUFFY,
PHILIP S. DALTON,
HENRY H. BARNES,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS NORFOLK, ss.

MILTON, March 4, 1912.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as within directed, to meet at the time and place and for the purposes therein mentioned, by posting attested copies of the same in the Post Offices of the Town and by leaving copies at the dwellings of the inhabitants.

PELEG BRONSDON,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton held according to the foregoing warrant, March 4, 1912, the following proceedings were had upon the several articles in said warrant, namely :

ARTICLE 1. Robert F. Herrick, Esq., was chosen Moderator.

The following appointments of Ballot Clerks and Tellers were made by the Selectmen, to serve at said meeting, viz.:

Ballot Clerks: Thomas M. Lennon, Davis S. Littlefield, Edward Gallagher, Arthur O. Allen, Charles J. Whalen, Walter B. Palmer.

Tellers: G. Frank Kemp, Fred A. Packard, Charles A. Splaine, Lewis B. Currier, J. Albert Simpson, J. Arthur Robeson, Charles B. Abbott, Edward F. W. Bartol, Robert J. Clark, Herbert E. Clark, William A. Haley, Joseph A. Rein, Lewis M. Gage, Walter A. Cheney, Arthur S. Richards, James J. Mahoney, George A. Lobban, Joseph J. Mullen, Peter J. Barry, Prescott Skinner; all of the above-named Ballot Clerks and Messrs. Simpson and Haley, Tellers, being sworn by the Town Clerk; all other Tellers being sworn by the Moderator.

At 2 o'clock and 16 minutes, *Voted*, To close the Polls for Town officers in ten minutes.

All ballots cast for the various Town officers having been sorted, counted, declared and recorded, the result being hereby appended and the following officers chosen, namely:

Art. 2. Henry H. Barnes, Philip S. Dalton, Maurice A. Duffy were chosen Selectmen and Surveyors of Highways.

Henry B. Martin was chosen Town Clerk.

William W. Churchill was chosen Assessor.

J. Porter Holmes was chosen Town Treasurer.

Frank P. Fanning, Stephen C. Mitchell were chosen School Committee.

Josiah Babcock was chosen Collector of Taxes.

William B. Batchelder, James F. Mitchell were chosen Auditors.

Charles E. Rogerson was chosen Park Commissioner.

Charles G. Waitt was chosen Sewer Commissioner.

Jesse B. Baxter was chosen Water Commissioner.

John S. Bowley, Peleg Bronsdon, Timothy McDermott, Maurice Pierce were chosen Constables.

Jacob S. Lincoln was chosen on Board of Health.

Frank E. Lane, John F. Perkins, Charles E. Rogerson were chosen Trustees of Public Library.

Henry E. Sheldon was chosen Trustee of Cemetery.

Nathaniel T. Kidder was chosen Tree Warden.

Horace N. Plummer, Arthur H. Tucker were chosen Overseers of Poor.

Robert F. Herrick was chosen Moderator.

Voted, That no license be granted for the sale of intoxicating liquor in this Town: the ballot being as follows: Yes, 212. No, 772.

ART. 3. The following officers were elected "*viva voce*," namely, George Y. Badger, T. M. LeFevre, Fence Viewers; George E. Burt, Arthur H. Tucker, Surveyors of Lumber; Calvin H. Sanford, Pound Keeper.

ART. 4. *Voted*, That the Auditors' (printed) Report be accepted and placed on file.

REPORTS OF COMMITTEES

The following report of the Committee on Town Accounts was presented by the Chairman of said Committee, Frederick A. Gaskins, Esq.

The committee appointed by the Moderator to consider Articles 55 and 56 of the March, 1911, Warrant, in accordance with the vote of the Town at said March meeting, have carefully considered the questions involved in Chapters 598 and 624, of the Acts of 1910, and recommend that neither of said Acts be accepted by the Town.

Chapter 598, of the Acts of 1910, provides for an audit of Town accounts by the Bureau of Statistics and the installation of a system of accounts by said Bureau, and as it appears that this matter is still in an experimental stage and may be materially altered by further legislation, it seems advisable to delay immediate action.

It was found that many of the ideas and suggestions of the Director of the Bureau of Statistics are already a part of our present system.

Chapter 624, of the Acts of 1910, provides for the appointment of a Town Accountant, and it appears that the expense of maintaining this office would be excessive. The Act requires the appointment of an accountant who would be obliged to devote a large part or the whole of his time to the work, and who would take the place of the present Board of Auditors.

The appointment would be a political one, being made by the Selectmen for a term of three years, which in itself seems objectionable.

The adoption of the Act would probably cost the Town between two thousand and twenty-five hundred dollars each year.

Your committee after considering the present methods of accounting in the Town, would make the following recommendations:

First. That in addition to the present audit made by the Auditors elected by the Town in accordance with the laws now in force, an additional audit be made by a non-resident public accountant, to be selected by the Selectmen and the Auditors, acting jointly, and that a sufficient sum for this purpose be appropriated.

The suggestion of this expert audit is in no way intended as a reflection upon the present or past Boards of Auditors, but under the present law it can readily be seen that it is possible to have a Board of Auditors, neither member of

which may be especially qualified for the duties of the office, and this recommendation if adopted would provide a check on the work of such a Board of Auditors. It would also stimulate greater care in the performance of the work and would also provide for more frequent examination of the books than is at present made.

Second. That steps be taken to provide for the keeping of all books of account belonging to the Town at the Town Hall, and that all officers having to do with said accounts, have certain hours when they may be found at the hall.

Respectfully submitted,

(Signed) Frederick A. Gaskins,
J. B. Baxter,
Winthrop L. Carpenter,
Committee.

Voted, That the above report be accepted, placed on file, and the committee discharged.

Report of Committee on Town Landing

Milton, Feb. 8, 1912.

To the Citizens of Milton :

Your Town Landing Committee, appointed at the annual meeting last March, organized with Mr. Russell, Chairman, and Mr. Wigglesworth, Secretary, and begs to report as follows:

To carry out the instructions of the Town, the removal of the group of buildings occupied by the Strangman Manufacturing Company and the providing of safe boating facilities, seemed of immediate importance.

These two things have been done, and about $200 remains on hand.

Through the generosity of a citizen the rough grading on the Strangman site has cost the town nothing. A life preserver, donated by Mr. Lawrence W. Lunt, disappeared from the float-stage after being there a few days.

Your committee recommends the present method of handling the Town Landing for at least a year more, as there are still some important questions to be considered.

Respectfully submitted,

(Signed) H. C. Gallagher,
H. B. Horne,
T. W. Melley,
James S. Russell,
Norton Wigglesworth,
Committee.

Voted, That the above report be accepted, placed on file, and the committee discharged.

Voted, That the report of the committee on plans for celebrating the 250th anniversary of the Town's incorporation (submitted in print), be accepted and placed on file.

Art. 5. *Voted,* That the sum of $89,800 be appropriated for the support of Schools the ensuing year, and that the entire matter of the School System, and the policy of the Town with regard to public education for the future be referred to a special committee of five to be appointed by the Moderator, to examine into and study the whole subject, considering the advantages, expenses and results of varying methods, and report in print at least sixty days prior to the next annual meeting of the Town. And that the sum of $1,000 be appropriated for the use of such special committee, to be expended on the joint order of the chairman and acting secretary, or clerk of such committee.

Committee appointed: Lincoln Bryant, Hiram Tuell, Austin W. Green, Walter C. Kite, W. Newton Harlow.

Art. 6. *Voted,* To appropriate the sum of $2,000 for transportation of pupils the ensuing year.

ART. 7. *Voted,* To appropriate the sum of $1,000 for medical inspection of the pupils of the public schools the ensuing year, said sum to be expended under the direction and at the discretion of the School Committee.

ART. 8. *Voted,* To appropriate the sum of $100 to be expended by the Park Commissioners, in conjunction with the School Committee, in improvement of school lots the ensuing year.

ART. 9. *Voted,* To appropriate the sum of $100 for general use of the Board of Park Commissioners the ensuing year.

ART. 10. *Voted,* To appropriate for Street Department expenses the ensuing year the following sums, viz.:

For general expenses (plus the Street Railway tax), $42,000.
For construction of sidewalks, $4,000.
For street-watering and oiling, $9,500.
For removal of ice and snow, $2,500.
For maintenance of public fountains, $400.

ART. 11. *Voted,* To appropriate the sum of $1,250 for soldiers' relief the ensuing year.

ART. 12. *Voted,* To appropriate the sum of $1,450 for State Aid the ensuing year.

ART. 13. *Voted,* To appropriate the sum of $250 to be expended by H. F. Wolcott Post 102, G. A. R., Memorial Day.

ART. 14. *Voted,* To appropriate the sum of $16,200 for street lighting the ensuing year.

ART. 15. *Voted*, That Hutchinson Street, as altered by the Selectmen, be accepted by the Town.

ART. 16. *Voted*, To appropriate the sum of $25,740 for the general expenses of the Fire Department the ensuing year and a further sum of $1,350 for purchase of new hose.

ART. 17. *Voted*, To change the name of Quarry Street to Reedsdale Road.

ART. 18. *Voted*, To appropriate the sum of $200 for use of the Department of Wires the ensuing year, and a further sum of $900 for placing the wires of the Fire and Police Departments in the underground conduits on Randolph Avenue.

ART. 19. *Voted*, To appropriate the sum of $28,500 for the use of the Police Department the ensuing year.

ART. 20. *Voted*, To appropriate the sum of $5,800, together with the proceeds from the Town Farm and reimbursements from other cities and towns, for the support of poor the ensuing year.

ART. 21. *Voted*, To appropriate the sum of $2,500 for expenses of the Health Department the ensuing year, said appropriation to include the expense of inspection of sewer connections.

ART. 22. *Voted*, To appropriate the sum of of $3,300 for the collection of ashes and garbage the ensuing year, to be expended under the direction of the Board of Health from such places as said Board may designate.

ART. 23. *Voted*, That the disposal of ashes and garbage be referred to a committee of three citizens to be appointed by the Moderator, who shall report thereon in

print at least sixty days prior to the next annual Town Meeting.

Committee appointed: Dr. M. V. Pierce, Dr. J. E. Goldthwaite, Dr. E. F. W. Bartol.

ART. 24. *Voted,* To appropriate the sum of $9,000 for hydrant service the ensuing year.

ART. 25. *Voted,* To appropriate the sum of $3,000 for the extension of water mains the ensuing year.

ART. 26. *Voted,* To appropriate the sum of $750 for maintenance of the Sewer Department the ensuing year.

ART. 27. *Voted,* That the Town Treasurer be hereby authorized by virtue and in pursuance of Chapter 304, of the Acts of 1895, to issue and sell bonds or notes of the Town to an aggregate principal amount of $5,000, payable $1,000 thereof each year, beginning one year after their date of issue and bearing interest at a rate not exceeding four per cent per annum, payable semi-annually. Such notes or bonds shall state on their face that they are exempt from taxation in Massachusetts and shall be denominated on their face, "Milton Sewerage Loan of 1912. Act of 1895."

That the proceeds of the sale of $500 bonds provided for in this vote be hereby appropriated for the purpose of constructing sewers, and that a further amount of $6,000 be appropriated for said purpose, to be taken from the Sewer Assessment Fund, and to have priority over any other charges to that account.

The above was passed by a two-thirds majority of those present and voting.

ART. 28. *Voted,* To appropriate the sum of $8,700, together with all fines recieved in 1912, and the Dog Tax for

1911, for the use of the Public Library the ensuing year. And that a further sum of $500 be appropriated for repairs to the roof and heating plant.

ART. 29. *Voted,* To appropriate the following sums for miscellaneous expenses the ensuing year:

For general expenses, $3,500.
For interest charges, $8,860.
For abatement of taxes, $3,500.
For Contingent Fund, $4,000.
For Town Hall and lot, $2,200.
For printing, $2,100.
For insurance (liability and fire), $3,200.

ART. 30. *Voted,* To erect two electric lights on Robbins Street, between Blue Hill Avenue and Canton Avenue, and that the sum of $42.40 be appropriated therefor.

ART. 31. *Voted,* To indefinitely postpone.

ART. 32. *Voted,* To erect thirteen electric lights on that portion of Granite Avenue between Hope Avenue and Granite Bridge, now controlled by the Massachusetts Highway Commission, permission having first been obtained from said Commission for their location. And also erect three electric lights on said Granite Avenue, on that portion controlled by the Town adjacent to the railroad crossing, which is a Town highway. And that the sum of $339.20 be appropriated therefor.

Voted. To take up Article 51.

A long discussion being had under this article it was finally *Voted,* To indefinitely postpone.

At 6 o'clock and 25 minutes P.M., *Voted,* That the meet-

ing be adjourned to Monday evening, March 11, 1912, at 7.30 o'clock, P.M.

MARCH 11. ADJOURNED MEETING

Called to order by the Chairman, Robert F. Herrick, Esq., at 7.30 P.M.

ART. 33. *Voted,* To erect one electric light on Blue Hill Terrace Street, between Blue Hill Avenue and Oak View Street, and that the sum of $21.20 be appropriated therefor.

ART. 34. *Voted,* To appropriate the sum of $9,000 for salaries of Town Officers the ensuing year, to be disbursed as follows:

Selectmen: Chairman, $700. Other members, $500 each.

Assessors: Chairman, $500. Other members, $400 each.

Treasurer, $1,200. Town Clerk, $500.

Collector of Taxes, $1,200. Auditors, $200 each.

Registrars of Voters, $100, Clerk. Other members, $50 each.

Inspector of Animals, $300.

Inspector of Buildings, $800.

Inspector of Milk, $300.

Sealer of Weights and Measures, $150.

Inspector of Plumbing, and Deputy Inspector, $3.00 for each permit, the amount required to be taken from the Miscellaneous account.

Clerk of Selectmen, $900, which includes any bookkeeping work required by the Overseers of the Poor.

ART. 35. *Voted,* To appropriate the sum of $1,500, together with the receipts of the department, for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees, the ensuing year.

ART. 36. *Voted,* To appropriate the sum of $10,000, together with any funds received from the State for a like purpose, to be expended by the Tree Warden in the extermination of gypsy and brown-tail moths.

ART. 37. *Voted,* To pay no salary to the Tree Warden.

ART. 38. *Voted,* That Orono Street, as laid out by the Selectmen, be accepted as a Town way.

ART. 39. *Voted,* To appropriate the sum of $2,000 for the improvement of the Cemetery the ensuing year.

ART. 40. *Voted,* That the sum of $500 be appropriated towards the restoration of the Jason Reed Cemetery Fund, to be deposited by the Town Treasurer in the same manner and upon the same terms as the appropriation of 1910.

ART. 41. *Voted,* That the sum of $500 be appropriated towards the restoration of the Elizabeth T. L. Reed Public Park Fund, to be deposited by the Town Treasurer in the same manner and upon the same terms as the appropriation of 1910.

ART. 42, *Voted,* That the sum of $2,000 be appropriated towards the restoration of the Perpetual Care Fund, said sum to be deposited by the Town Treasurer in the same manner and upon the same terms as the appropriation of 1910.

ART. 43. *Voted,* To indefinitely postpone.

ART. 44. *Voted,* To appropriate the sum of $975 for the general use of the Board of Assessors the ensuing year.

ART. 45. *Voted,* That the Collector of Taxes be authorized to use all means of collecting taxes which a Town Treasurer when appointed Collector, may use.

ART. 46. *Voted,* To indefinitely postpone.

ART. 47. *Voted,* To fix the rate of interest on taxes unpaid after Nov. 1, 1912, at six per cent.

ART. 48. *Voted,* That the Town Treasurer be authorized with the sanction and approval of the Selectmen or of a majority thereof and in accordance with Chapter 616, of the Acts of 1910, to borrow such sums of money as may be necessary for the Town's use in anticipation of the taxes for the year 1912, the total amount not to exceed $200,000; and that all sums so borrowed be made specifically payable from the taxes of the year 1912.

ART. 49. *Voted,* To accept Whitelawn Avenue, as laid out by the Selectmen, as a Town way.

ART. 50. *Voted,* To appropriate the sum of $200 to be expended by the Selectmen for a band concert and athletic sports for celebrating the Fourth day of July.

ART. 51. *Voted,* To indefinitely postpone.

ART. 52. No action taken.

ART. 53. *Voted,* To appropriate the sum of $1,000 for the celebrating of the 250th anniversary of the Incorporation of the Town. Said sum to be expended under the direction of a committee of five citizens to be appointed by the Moderator, to provide a suitable celebration.

Committee appointed: Nathaniel T. Kidder, Andrew H. Ward, Freeland D. Leslie, Arthur H. Tucker, John A. Lee.

ART. 54, *Voted,* That authority be given the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

ART. 55. *Voted,* To accept Chapter 146 of the Acts of 1911, authorizing the Town to establish an Art Commission, said commission to be nominated by the School Committee, Library Trustees and the Park Commissioners. (Passed by a two-thirds vote).

ART. 56. *Voted,* To indefinitely postpone.

ART. 57. *Voted,* To indefinitely postpone.

ART. 58. *Voted,* To indefinitely postpone.

ART. 59. *Voted,* To erect twelve electric lights on Brook Road, between Canton Avenue and Adams Street, and that the sum of $254.40 be appropriated therefor.

ART. 60. *Voted,* That a committee of three citizens be appointed by the Moderator to investigate the matter of the prevention of the breeding and spreading of house flies and mosquitoes, and that the sum of $200 be appropriated for the use of said committee. Said committee to report in print to the Town at its next annual meeting.

Committee appointed: William L. W. Field, John A. Lee, Harris Kennedy.

ART. 61. *Voted,* That this article be referred to the committee appointed under Article 62.

ART. 62. *Voted,* That a committee of three citizens be appointed by the Moderator, to consider the question of the regulation of construction of building and housing regulations in the Town and in connection therewith to

consider the By-Laws of the Town, relating to the same, and to the inspection of buildings and plumbing as now practiced in the Town, together with the expense of such inspections, and to report in print at least sixty days prior to the next annual meeting of the Town.

Committee appointed: Charles W. Whittier, Arthur H. Tucker, Frederick A. Gaskins.

ART. 63. *Voted,* To appropriate the sum of $300 towards completing the installation of Hose No. 3, in the south section of the town.

ART. 64. *Voted,* That the subject matter of this article be referred to the Warrant Committee of 1912.

ART. 65. *Voted,* To erect two electric lights on Kahler Avenue, and that the sum of $42.40 be appropriated therefor.

ART. 66. *Voted,* To erect two electric lights on Elm Street, and that the sum of $42.40 be appropriated therefor.

ART. 67. *Voted,* To indefinitely postpone.

ART. 68. *Voted,* To accept the provisions of Chapter 468, of the Acts of 1911, relative to the extension of the Civil Service Act to the Chiefs of Police in certain cities and towns.

ART. 69. *Voted,* To appropriate the sum of $1,000 for repairs and development of Brook Road Playground, said sum to be expended according to the discretion of the Park Commissioner.

Art. 70. *Voted,* To erect three electric lights on the private way known as Churchill Street, and that the sum of $63.60 be appropriated therefor.

Art. 71. *Voted,* To install a new Fire-alarm Box in the Vose School, and that the sum of $125 be appropriated therefor.

Art. 72. *Voted,* To accept the provisions of Chapter 314, of the Acts of 1911, relative to authorizing the School Committee to expend money for the supervision of sports.

Art. 73. *Voted,* To accept the provisions of Chapter 367, of the Acts of 1911, relative to the use of school halls for other than school purposes.

Art. 74. *Voted,* That a Committee of five citizens be appointed by the Moderator, with full authority to improve the property known as the Town Landing, with the end in view of providing a place of recreation for citizens of Milton, and with authority to cause the removal or alteration of buildings now on said property; and that the sum of $500 be appropriated for the use of such committee, together with any balance remaining from the appropriation of 1910 and 1911, and any sums which may be received by the Town from the rentals of buildings now on said Town Landing; and that no further lease be made of any portion of said property.

Committee appointed: H. Clifford Gallagher, Horace B. Horne, Timothy W. Melley, Norton Wigglesworth, James S. Russell.

The following resolution being presented to the meeting was read and unanimously accepted:

Resolved: That the inhabitants of the Town of Milton do with grateful appreciation accept the grant of land made to the Town by Mr. H. Clifford Gallagher, the parcel being generally described as bounded westerly by Adams Street, there measuring thirty-six and seven one hundredths feet, northerly and easterly by other land of the

Town, and southerly by other land of said Gallagher, there measuring about sixty-four feet; the parcel containing about eighteen hundred and eighty-six (1886) square feet.

Voted, That the thanks of the meeting be tendered to Nathaniel T. Kidder, Esq., for the generous gift to the Town of the Fountain located at the east section of the town.

March 11, 1912, 11 o'clock and 30 minutes P.M., *Voted,* That the meeting be dissolved.

The foregoing meeting was opened at 6 o'clock A.M. by the Town Clerk (who proceeded to read the warrant); upon the conclusion of the reading of the third article, it was moved that the further reading of the warrant be dispensed with. Said motion being put was unanimously carried, and the further reading of the warrant (except the concluding paragraphs) was dispensed with.

At the meeting aforesaid, the total number of ballots cast was 1,423, 170 being ballots cast by women voters for School Committee.

A true record.

Attest:

HENRY B. MARTIN,
Town Clerk.

Warrant Committee

The following citizens were appointed by the Moderator of the foregoing meeting as a Warrant Committee for the ensuing year, in accordance with Chapter 2 of the Revised By-Laws, viz.:

James S. Russell, Joseph B. Blanchard, Malcolm Donald, George R. Eaton, Alfred J. Ellsworth, Louis V. Gosselin, Bernard S. Leslie, Hugh McCue, Roger Pierce, George W. Poole, Felix Rackemann, Robert L. Raymond, Murray Ruggles, Joseph A. Shea, Theodore T. Whitney, Jr.

Recount of Votes

COMMONWEALTH OF MASSACHUSETTS. NORFOLK SS.

MILTON, March 16, 1912.

At a meeting called and held at the Town Hall in said Milton, on the above date, as per order of the Chairman of the Board of Registrars (a recount of votes cast at the Annual Town Meeting, held upon March 4, 1912, for a member of the Board of Health, having been petitioned for by more than ten voters), said recount was held upon the above date with result as follows:

THOMAS A. CRAWFORD, three hundred and fifty-six votes.

PRESIDENTIAL PRIMARY

WARRANT

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

To either of the Constables of the Town of Milton, greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton, who are qualified to vote in primaries to meet in the Town Hall in said Milton, Tuesday, the thirtieth day of April, 1912, at seven o'clock in the evening, for the following purposes: To bring in their ballots to the Primary Officers for the election of candidates of political parties for the following offices: 8 Delegates at Large to National Conventions; 8 Alternate Delegates at Large to National Conventions; 2 District Delegates to National Conventions; 2 District Alternate Delegates to National Conventions; and to express their preference for candidates for the offices of President and Vice-President of the United States.

All of the above candidates and officers are to be voted for upon one ballot.

The polls may be closed at 9 o'clock P.M.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purposes herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Milton at least fourteen days before the date of said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton this fifth day of April, A.D., nineteen hundred and twelve.

PHILIP S. DALTON,
MAURICE A. DUFFY,
HENRY H. BARNES,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.
MILTON, APRIL 30, 1912.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton as therein directed, to meet at the Town Hall in said Milton, upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to a warrant of which the foregoing is a copy, upon April 30, 1912, the following number of votes were given in for the several persons hereinafter named for the respective offices specified below, namely:

REPUBLICAN

Delegates at Large to the National Convention to nominate Candidates for President and Vice-President of the United States

NOVEMBER MEETING

WARRANT

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

To either of the Constables of the Town of Milton, greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton, qualified to vote at elections, to meet in the Town Hall in said Milton, on Tuesday, the fifth day of November next, it being the Tuesday after the first Monday in said November, at six o'clock in the forenoon, then and there to bring in their ballots for sixteen electors of President and Vice-President, Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all of this Commonwealth; Member of Congress for the Fourteenth Congressional District; Councillor for the Second District; Senator for the First Norfolk District; Representative in the General Court for the Fourth Norfolk District; County Commissioner for the County of Norfolk for the term of three years, and County Commissioner for the term of one year, County Treasurer for the County of Norfolk; and also to see if the Town will vote to accept the following amendments to the Constitution:

Disqualifying from voting persons convicted of certain offences. Chapter 21, Resolves of 1912.

Relative to the taxation of forest lands (Chapter 115, Resolves of 1912.)

All to be voted for on one ballot.

The polls may be closed at 4 o'clock P.M.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for

the purposes herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Milton, at least fourteen days before the date of said meeting, and leaving printed copies hereof at the dwelling houses in said Milton at least four days before said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk at or before the time of said meeting.

Given under our hands at Milton this eighteenth day of October, nineteen hundred and twelve.

PHILIP S. DALTON,
MAURICE A. DUFFY,
HENRY H. BARNES,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, November 5, 1912.

Registrars of Voters.

Fourth Norfolk Representative District.

We, the undersigned Town Clerks of the towns of Canton and Milton, comprising Representative District Number Four, in the County of Norfolk, hereby certify:

That at an election duly held in said towns upon the fifth day of November, A.D. 1912, for a candidate to represent said district at the next General Court, the following number of votes were given in for the several persons hereinafter named, to wit:

For Talbot Aldrich, of Canton, eight hundred and seven votes. 807

For John J. Gallagher, of Milton, eight hundred and twenty votes. 820

For Jacob A. Turner, of Milton, six hundred and forty-seven votes.

Blanks, one hundred and fourteen.

Given under our hands at Canton, this fifteenth day of November, A.D. 1912.

Walter Ames,
Henry B. Martin,
Town Clerks of Canton and Milton.

REPORT OF COMMITTEE ON PLANS FOR CELEBRATING THE TWO HUNDRED AND FIFTIETH ANNIVERSARY OF THE TOWN'S INCORPORATION

The 49th Article of the Warrant for last year's March meeting read:

> "To see what action the town will take toward celebrating, in 1912, the 250th anniversary of its incorporation, and what sum of money it will appropriate therefor."

And the following action was taken on this:

> "Voted: That a committee of five be appointed by the Moderator to consider the matter of celebrating the 250th anniversary of the town's incorporation, and arrange plans for the same; and that no appropriation be made at this meeting."

The Moderator appointed as such committee: Nathaniel T. Kidder, John Alden Lee, Freeland D. Leslie, Arthur H. Tucker, Andrew H. Ward.

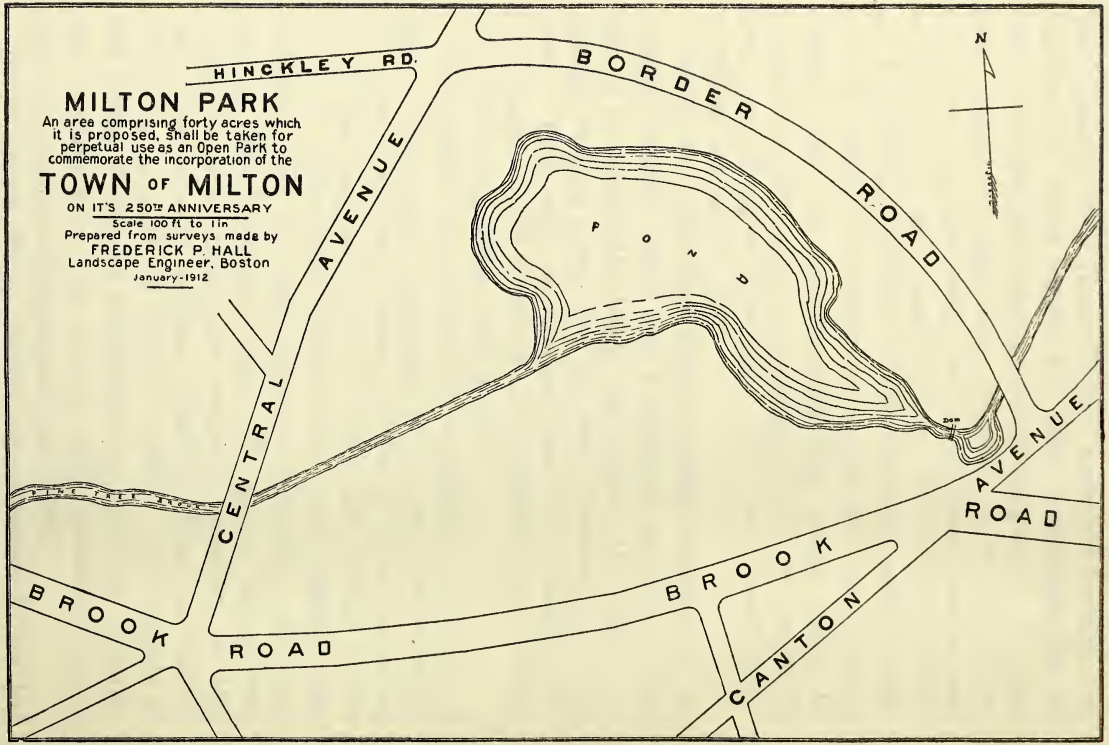
This committee first met on the 22nd of April, 1911, and organized with Mr. Kidder as Chairman and Mr. Lee as Secretary. Since that date it has held fifteen meetings. It invited suggestions by a letter inserted in the *Milton Record*, and by direct questions to any who seemed interested in the anniversary. As a result of these inquiries, however, only very few expressions of opinion were received, though the range of suggestions was wide. Thus no conclusion as to what would be acceptable to the town could be arrived at. The preservation of an historic building was among the possibilities considered, while the remodeling or entire rebuilding

of the Town Hall was discussed and looked into. After much consideration both of these plans were abandoned. The claims of "Old Home Week" were put forward and discussed at some length, but your committee has all along felt that the literary and social part of the program should be kept down to one day, as we believe this more in accord with the multifarious interests and occupations of the present time. Other propositions, as of buildings, planning, or planting were worked over, but all seemed too narrow in scope and too local in interest, and we wanted something which could be pointed to years hence as a lasting benefit to the whole town, something a little better than most towns have, if Milton can afford it.

Finally we took down from the shelf the plan of acquiring Turner's Pond and a sufficient amount of land with it to control the banks and protect the water. In slightly varying forms this has been discussed for many years. This plan we adopted and now unanimously recommend to the town for its acceptance as a lasting memorial of its 250th anniversary.

The project is, in brief, the acquisition for use as a park, of the tract comprising about forty acres which lies between Central Avenue and Brook Road, including within the proposed park the pond and enough of the brook to control the outlet of the pond together with the dam, both for their value as controlling the pond and for their landscape value. We advise that a road should be built along the northerly boundary of this tract from a point opposite Hinckley Road on Central Avenue to a point on Canton Avenue. The details of this taking should be worked out by the Park Commission, according to law, but its main features may be seen on the plan accompanying this report.

For acquiring this property, we recommend that the



MILTON PARK
An area comprising forty acres which it is proposed, shall be taken for perpetual use as an Open Park to commemorate the incorporation of the

town borrow $175,000 on a thirty-year bond issue, about one-thirtieth of this (or $5,850) to be due and payable each year. For convenience in figuring, and so that we may have our eyes open, let us say $175,000 are borrowed at 4 per cent for thirty years. This means that we have to pay off each year $5,833.33 of capital, and that for the first year we should have an additional amount of $7,000 of interest to pay, or a total next year of $12,833.33. The second year, and each succeeding year, the amount to pay out would be less by $233.33, until finally, the thirtieth payment would be $6,066.66. Here we have the highest figures or the acquisition of this beautiful site.—Now what may we really expect?—That some of the bonds will not be issued for several years and some never issued; that the money can be hired at a somewhat lower rate, and very likely that the bonds will sell at some slight premium. Meanwhile, against this outlay is the ever increasing benefit to be derived from the open space, which, if we do not appreciate it now, we would soon learn to appreciate when it was too late.

Yes, a park such as could be developed here would be of lasting and ever increasing value to the town. This pond has always been a pleasure to look upon, and frequent analyses show its water to be of good quality. As all of the streams which feed it rise in the Blue Hill Reservation, and as the water supply is wholly in our own town, it seems likely that conditions both as to quantity and quality of water should improve rather than deteriorate, and, in any event, we have the whole watershed entirely under our own control, or thoroughly guarded by State ownership; we need consult no other municipality. The future growth of our sewer system would, we believe, avert all possible danger of pollution.

We touch lightly on the future possibilities of this

park for the reason that its whole development would be in the hands of the Park Commissioners, who would naturally develop it along lines in accord with the growth of the town and the needs of the people, and the wishes expressed at future town meetings. Merely as a breathing space this property would be of immense value. The possibilities of a sheet of water even no larger than this are many. Perhaps the most important use is for skating; a bathing pool is an obvious possibility; to a limited extent boating might be encouraged; and then, in the far future, water fowl might be added as an attraction. But the grounds are probably the most important feature of the project, and those laid out simply and planted with hardy trees and shrubs, and with seats along the paths from which glimpses of the water might be had, would make a restful bit in the midst of future Milton. An open field in some part of the grounds would perhaps allow for displays of fireworks, and in this same field band concerts might be held. These attractions must not come too fast or too soon, however; let us get a part of the loan paid off before we develop too extensively. Meanwhile we will be getting many advantages from this land just as it is, and we may be sure that future generations will be grateful for what we have founded for them, those who will have a denser population to deal with than perhaps seems possible to some of us in Milton. We may add that even in the event of annexation of Boston, all who live within walking distance of this spot will continue to benefit, and we will then have to be content with what the city measures out to us.

As to cost, we do not feel that even at an initial outlay of $175,000 this park would be too high, considering it as a permanent asset of the town, always kept as an open space, and capable of various uses as outlined

above. Next, as to taking away the homes of those who are settled near the edges of the pond. It is not proposed to hurry the householders or tenants out in any event: we advise a system by which these people shall be allowed several years for locating elsewhere. It is to be supposed that they like their present surroundings, of course. But is it at all sure that these present surroundings will remain unchanged even if the park is not established? We feel sure they would not. We are not real estate experts; but we believe that in the event of the region being cut up into small house lots and becoming densely populated, a depreciation of value would be quite possible, surely if a good deal is not done meanwhile to better the drainage conditions. Nor do we recommend that these houses and lands be taken at their lowest auction value, or even at their present assessed valuation. What we recommend is a fair price; to reimburse the owners for their outlay and allow for a reasonable sentimental value. All our conversation with the land owners has been along such lines. We have, indeed, made it a part of the option from Mr. Turner, owning as he does a large percentage of the whole area, that he have the privilege of continuing to cut ice here for four years, if he wishes, while relocating his plant, and he may retain one acre of land on which he may keep one house only, and that his dwelling house, so long as he or his wife may continue to live there. Should they at any time wish to sell the acre so reserved, the town is to have a first refusal at a fair valuation. At the death of Mr. and Mrs. Turner, this acre is to be offered to the town at the valuation at which it then stands on the books of the assessors.

The business results of our preparatory work follow: We have options on something over thirty-three acres, certain further portions are promised, and we have had

the remaining land and buildings valued by two people experienced in such work, and we believe that the whole may be bought well inside our estimated total, which total is based on the payment of legal advice and real estate commissions and other necessary charges. At this point we wish to thank the numerous citizens who have helped our work by their advice in their several lines, all of which they have done with no remuneration.

We now come to another part of the committee's recommendation for the celebration of the anniversary, which is that one day be set aside as a school holiday, and we believe that this should be Tuesday, the 11th of June, the same date as the celebration of the 200th anniversary. We recommend fitting observance of this day, details of which we must refer to a committee to be appointed under the article calling for an appropriation for that purpose. We suggest an oration to be included as a part of the printed record, a band concert, sports with meda'ls awarded as prizes, the temporary marking of historic sites, and the issue of souvenir plates to be sold to those interested at a reasonable cost. Such plates are regularly sent by mail in boxes made for the purpose. Other appropriate exercises or mementoes will naturally occur to the new committee.

Respectfully submitted,

NATHANIEL T. KIDDER,
JOHN ALDEN LEE,
FREELAND D. LESLIE,
ARTHUR H. TUCKER,
ANDREW H. WARD,
Committee.

Milton, 12 February, 1912.

VITAL STATISTICS

Registry of Births, Marriages, and Deaths, in 1912

BIRTHS

The whole number of births registered in 1912 (returned by physicians as by law required) was 105 (males, 55; females, 52,) as follows:

Date, 1912	Names	Date, 1912	Names
Jan. 13	Mabelle Viola McKinnon	May 20	Helen May Pendis
13	Elizabeth Stearns Arnold	23	(Unnamed) Williams
19	Constance LeMoyne Wentworth	25	Priscilla Frances Whiting
21	Eleanor Constance Sherlock	28	Ellena Ladd } twins
28	John McGregor Nelson	28	Marion Ladd } twins

14. Michael Donelin of Boston, and Katherine Manning of Milton.
17. Ernest L. Corson of Boston, and Jessie C. Foster of Milton.
18. Alfred L. Parks and Agnes A. Bellevue, both of Milton.
21. Clarence E. Flanders of Worcester, and Maude L. Stewart of Milton.
Mar. 24. Francis H. Hannaford and Alice L. Brown, both of Milton.
27. William J. Tait of Milton, and Adaline M. Mills of Brockton.
April 6. Elmer G. Addison of Milton, and Ruth L. Caldwell of Dorchester.
7. James J. Roster of Dorchester, and Clara E. Shea of Milton.
10. Peter Joyce of Dorchester, and Catherine Callahan of Milton.
19. John I. Hyland of Quincy, and Clara E. Hamilton of Milton.
24. Frank L. Hubbell of Dedham, and Anna J. Peterson of Milton.
24. Andrew Paton of Milton, and Eliza J. Chaffey of Dorchester.
24. Patrick Lonergan of Milton, and Albina Olsson of Boston.
24. Daniel J. Hurley of Dorchester, and Catherine A. Nyhan of Milton.
25. Michael J. Lynch of Brockton, and Mary Reardon of Milton.
28. Leandros Polychronides of Boston, and Laura M. Graham of Milton.
30. Arthur J. Campbell of Melrose, and Mary E. Lawrence of Milton.
May 4. Hilma N. Henriksen of Boston, and Olivia M. Olson of Milton.
8. Charles W. Spittle of Boston, and Carrie L. Marr of Milton.
14. David B. Innes of Regina, Can., and Bessie E. Hobbs of Milton.
25. James J. Battell of Dorchester, and Theresa A. O'Neill of Milton.
June 1. Henry F. Bigelow of Milton, and Susan Thayer of Lancaster.
1. Arthur W. Page of Garden City, N. Y., and Mollie W. Hall of Milton.
5. Frank H. Rein of Milton, and Katherine F. Glennon of Boston.
5. William J. Martin and Julia Connor, both of Milton.
5. Edward H. Swift of Milton, and Gladys W. Dresser of Brookline.
10. Charles W. Sangster of Milton, and Sarah K. McLeod of Brookline.
16. Joseph McDonald of Somerville, and Agnes Jordan of Milton.
18. Charles H. Whitney of Milton, and Colette Dumaresq of Boston.

June 19. Horace D. H. Williams of Milton, and Margarethe F. W. Harms of Dorchester.
19. Lester H. Bonnell of Cambridge, and Olga Echburgh of Milton.
23. Richard M. Barton of Boston, and Ruth V. Cutler of Milton.
26. Michael J. Killion and Katie A. Kelley, both of Milton.
26. Joseph F. Hogan, Jr., of Quincy, and Vesta E. Rich of Milton.
30. Joseph A. Coleman of Dorchester, and Charlotte J. Perrault of Milton.
30. John McLoughlin of Dorchester, and Nora McMahon of Milton.
July 15. Ronald W. Pfister of Milton, and Eva M. Pettengill of Hyde Park.
17. Philemon E. Tarr of Milton, and Anna C. Coughlin of Boston.
17. Russell S. Pond of Milton, and Bernice M. Brooks of Boston.
21. Harold Merritt of Milton, and Helen L. Fogg of Hyde Park.
28. Arthur H. Scollin of Everett, and Catherine F. Chamberlain of Milton.
28. Dennis J. Lyons and Mary A. Cunnane, both of Milton.
Aug. 14. John R. Lawrence of Milton, and Mary A. McGowan of Everett.
20. William P. Gallagher of Milton, and Catherine E. Sullivan of Canton.
22. Alfred Watters of Quincy, and Jennie A. McBeath of Milton.
26. Matthew J. McGrath of Dorchester, and Katherine E. Byrne of Milton.
Sept. 3. Ralph S. Carpenter and Constance A. Vose, both of Milton.
3. George M. Anderson and Catherine H. Saunders, both of Milton.
4. Joseph S. W. Grautstuck of Boston, and Anna T. Simpson of Milton.
11. Andrew H. Ward of Milton, and Emily C. Locke of Watertown.
12. Alfred Nilsson of Milton, and Magna T. Strandley of Hyde Park.
12. Frank D. Harrington and Ethel M. Anderson, both of Milton.
21. Albin S. Rylander and Selma S. Nilson, both of Milton.
28. Roy A. Bolles of Milton, and Hulda M. Anderson of Dorchester.
29. Goffredo Marconi and Annie Flanagan, both of Milton.
Oct. 1. James M. Hoy of Brookline, and Helena A. Murray of Milton.
2. Harry S. Brisbin and Pauline E. Koester, both of Milton.
12. Carl R. Horne of Milton, and Ethel L. Ford of Dorchester.
12. Alden Harold Trull of Milton, and Inez F. Merrill of Somerville.
12. Robert A. Lewis, Jr., of Milton, and Helen McKee of Boston.
16. Jeremiah J. Shea of Hyde Park, and Mary J. Murphy of Milton.
16. Thomas J. Higgins of Dorchester, and Cecelia Lally of Milton.
17. George H.B. Leland of Boston, and Mary N. Haselton of Milton.
19. Henry Griffith of Milton, and Florence M. (Cullen) Collins of Boston.

Oct. 19. Roger Pierce of Milton, and Ruth Eliot of Brookline.
19. Frederick G. Livingston of Peterborough, N. H., and Elizabeth B. Jackson of Milton.
20. Henry G. Horton of Milton, and Grace E. Bent of Medfield.
22. Alden C. Flagg of Boston, and Edna Hupprich of Milton.
30. Charles A. Larson of Milton, and Clara Shuttleworth of Dorchester.
30. Horace H. Clews of Boston, and Gertrude F. Poor of Milton.
30. Michael J. Barry of Milton, and Margaret M. Foley of Quincy.
Nov. 2. Philip B. Weld of Wareham, and Katherine Saltonstall of Milton.
6. Martin Moran and Annie Flattery, both of Milton.
6. George F. Choate, Jr., of Milton, and Anna E. Ives of Revere.
9. Carl D. J. Hall of Cambridge, and Augusta M. Peterson of Milton.
20. Frank R. Forde of Milton, and Marian C. Pierce of Dorchester.
27. George M. Collier and Myrtle B. Loud, both of Milton.
27. Horace E. Ford of Boston, and Helen Burnes of Milton.
28. Alfred Hebert and Rosal Ungemach, both of Milton.
Dec. 4. Carl R. Merry of Brookline, and Ethel M. Sangster of Milton.
21. Clifford E. Weed of Milton, and Theda I. Chase of Syracuse, N. Y.
21. John Alden Lee and Charlotte L. Brooks, both of Milton.
21. John Donald and Jessie Massie, both of Milton.
24. William Larsen of Walpole, and Magda Sjoberg of Milton.

REPORT OF TRUSTEES OF CEMETERY

To the Citizens of Milton:

The Trustees of the Cemetery submit the report for the year 1912 as follows:

The Board organized for the year with Mr. Gannett chosen as Chairman, and J. Frank Pope as Secretary and Treasurer. Thomas W. Pond was appointed Superintendent.

We have made 98 interments, 41 of which were non-residents; 14 lots were taken by citizens; 5 single graves were sold; 12 lots were put under perpetual care; 17 lots laid out and finished this year; 20 cedar posts sold; 38 cords of wood sold; 2 brick graves made; 10 lots regraded and seeded; 26 graves myrtled; 17 foundations for monuments made; 23 foundations for headstones and markers; 1 lot returned to Trustees by Henry G. Taylor; 75 running feet of cobble gutter built on Centennial Avenue at Forest Avenue; 365 running feet of cobble gutter built on Willow Avenue, from Primrose Path to Centennial Avenue; Hazel, Orange and Linden Paths filled and graveled with screened gravel; the new avenue opposite Shamrock Avenue, from Centennial Avenue, filled and finished 14 feet wide for 150 feet. In addition to the above we have taken general care of the Cemetery.

Mr. Kidder was given care of the trees. He was asked what he could say. He writes as follows: "that in the Peabody lot the wilt disease and the brown-tail fungus were both tried during the summer, but that the results were by no means satisfactory. The spraying, however, was much more satisfactory than the previous year and killed the caterpillars in large quantities. From a hurried observation of conditions, it would appear that the

number of nests is much smaller than it has been for several years past."

We respectfully ask the Town for $2,000.

SAMUEL GANNETT,
J. FRANK POPE,
THOMAS K. CUMMINS,
C. MINOT WELD,
HENRY E. SHELDON,
Trustees of Cemetery.
THOMAS W. POND,
Supt. of Cemetery.

ENGINEERS' REPORT

MILTON, MASS., January 9, 1913.

To the Honorable Board of Selectmen:

The Board of Engineers herewith presents its report for the year ending December 31, 1912.

The year 1912 has been a quiet one for this department. There was a total of 179 alarms, of which 74 were bell alarms, and of these 25 were calls to Boston. Boston responded to 9 alarms in Milton.

The total value of property at risk at all fires was $87,226. The total loss was $42,652.75, of which $30,703.75 was paid by insurance companies.

The fire fighting equipment of the Town is in good condition, and only minor repairs have been necessary during the past year except in case of the exercise wagon at the Centre which has been thoroughly overhauled and painted. One new horse has been purchased; one old horse has been sold.

A new fire-alarm box has been located at Vose School, and 1,500 feet of new 2½-inch hose have been purchased, with special appropriations made at the last Town Meeting.

The permanent men have received one day off in eight during the past year and one new permanent man has been appointed. There have been two deaths and two resignations in the call force since January 1 last. Seven new callmen have been appointed.

A petition has been recently filed with the Engineers from the callmen requesting more pay and a thorough investigation is now being made to determine what action should be taken in this matter. It will be impossible to conclude these investigations for some time, and

it has been decided best to defer definite action in this matter until another year.

The Chief's automobile, a Pope Hartford 1907 runabout, purchased by the Town in 1909, has given excellent service during the last three years and the cost of maintenance has been reasonable. At the present time, however, this machine is in a bad state of repair and dangerous in parts. It is considered poor policy to incur the large expense necessary to have it overhauled and put in safe condition. The manufacturers are willing to take the old machine in trade and sell their Model 31 touring car, completely equipped, for about $2,000. It is recommended that an appropriation of $2,000 be made for the purchase of a new car for the use of the Chief and that the old car be turned in as part payment.

The Engineers feel that new fire-alarm boxes should be established in several new locations, and recommendations have been made for special appropriation for this purpose.

Thirteen hundred feet of hose have been condemned during the past year, and it is recommended that $900 be appropriated for the purchase of 1,000 feet of new hose.

The various buildings of the department are in good condition, except considerable painting is necessary both outside and inside. The Engineers request special appropriation of $500 for doing this necessary work.

In addition to the above special appropriations, the Engineers recommend an appropriation of $25,740 for the care and maintenance of the Fire Department for the ensuing year.

Respectfully submitted,

GEORGE F. CHOATE,
ALBERT R. WHITTIER, JR.,
J. HARRY HOLMES,
Board of Engineers.

REPORT OF THE BOARD OF HEALTH

The Board of Health of the Town of Milton has the honor to present to the Town its report for the year ending December 31, 1912.

The following appointments were made: H. B. Martin, Agent for Issuing Burial Permits; L. E. Young, Inspector of Plumbing; B. F. Murray, Deputy Inspector of Plumbing; A. W. Draper, Agent for the Board of Health; C. H. Sanford, Caretaker of Hospital; W. C. Tucker, Inspector of Milk; W. C. Tucker, Inspector of Slaughtering; F. T. Hanna was given the contract to collect ashes and garbage; Peter McIntyre was given a permit to slaughter cattle, sheep and swine for food; S. A. Meagher Company to carry on the business of rendering oil, tallow, etc.; J. R. Lawrence, to empty vaults and cesspools; Quincy Tallow Company, to collect grease; James F. Morse Company to collect grease.

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1912	1911	1910
Diphtheria	8	13	11
Scarlet Fever	10	19	18
Measles	29	33	50
Typhoid Fever	5	5	2
Tuberculosis	15	10	18
Chicken Pox	8	24	13
Whooping Cough	20	31	8
Cerebro-spinal Meningitis	0	0	0
Mumps	3	0	2
Erysipelas	0	0	1
Cancer	0	1	1
Acute Anterior Polio-Myelitis	0	0	1
Ophthalmia Neonatorum	3	0	0

The whole number of deaths recorded in this Town

in 1912 is 90 (males 45, females 45), giving a death rate of 11.46 per thousand inhabitants.

	1910	1911	1912
Number of deaths	114	100	90
Rate per thousand	14.25	12.67	11 46

ASHES AND GARBAGE

We find by the report of Mr. F. T. Hanna, the Collector of Ashes and Garbage, that he has collected during the year 107,790 barrels of ashes and 62 cords of garbage.

The collections have been very satisfactory for the past year, and we wish to make still more improvement in the year to come; but the householders have a duty to perform in order to make the service more efficient.

A proper place for the garbage and a proper receptacle, large enough to hold all gatherings between the regular collections, is the first necessity. Butter firkins, lard pails, and pasteboard boxes will not do. We recommend the garbage can which is sold for the purpose, a heavy galvanized-iron can or tank, to be sunk in the ground. The tight cover prevents escaping odors and flies, and makes it impossible for cats and dogs to scatter the contents around the premises, as they so often do, and which it is expected the collector will clean up. He has no time for that. Old beds, brush, rakings, and other refuse are not considered as ashes.

We would advise householders to study the regulation cards and follow the rules laid down there; notify the collector when closing or opening your house during the vacation time, as failure to do so often causes needless complaints.

DISPOSAL OF GARBAGE

This Board considers the garbage too valuable to burn, or to dump down the harbor to pollute the water, and be brought back in fish or clams, when it might be put

to better uses. It can be sold to farmers who need and want it to feed to growing pigs. A man cannot farm without stock to fertilize the land.

It would be better to move the garbage directly out of town, but as this cannot be done at present, we suggest that a suitable building of cement be built in which to store it. This would be a great improvement over the present storage shed.

CESSPOOLS AND VAULTS

We would, at this time, express to the citizens of the Town our opinion that more sewers are a necessity, especially in the Mattapan and East Milton districts, and on Canton Avenue, between Brook Road and School Street, taking in Whitelawn. The Board found conditions there very bad when called to inspect in that neighborhood.

Every year it becomes more costly to clean out cesspools or vaults on account of the scarcity of places where their contents may be dumped, and the long distances a team must travel to such places.

While night-soil properly applied makes one of the best of fertilizers, yet few farmers care to use it.

The Board will insist upon householders connecting with the sewer wherever there is one in their street.

Mr. John R. Lawrence, who has charge of cleaning cesspools and vaults, reports cleaned: 27 vaults, 107 cesspools, 237 loads from the same.

PINE TREE BROOK

Attention was called in the report of this Board for 1911 to the unhealthful condition of Pine Tree Brook and its surroundings, and the recommendation was made there, that the town take some action looking to its purification.

For a dozen years or more this question has been discussed and nothing done. This Board has been over the grounds several times, and has recently done so again. It was then deemed best to call a meeting of the owners of land along its banks—about sixty in numbers.

This meeting was at the Town Hall on January 7, 1913, and was well attended. The sentiment was quite generally expressed there, that something should be done to improve the condition of the stream and its borders, and a willingness expressed by many abuttors to give to the town their rights in the brook, and sufficient land on its banks to obtain the desired improvements, provided the Town will agree to make and maintain them.

Therefore this Board recommends that the Town take steps to control Pine Tree Brook and sufficient land on either bank to secure it from polluted drainage, and that it may be cleaned to a uniform depth and width in order to insure an even flow of its waters, which at certain seasons are now stagnant pools in many places, breeding malaria, flies and mosquitoes. At other times, owing to the clogged condition of its channel, the waters flow out over the meadows, making the land useless, and cellars in the neighborhood wet and unhealthy. With the brook so improved that it can care for its waters at all seasons, and with good retaining banks, it may be made a healthful thing rather than a menace to health, as it now is.

This Board furthermore advises the Town to take steps to control all streams and ponds within its borders as soon as possible.

POISON IVY

A request was issued by this Board in the autumn, through the press, asking all who have land abutting on the highways, to exterminate all poisonous ivy from their fences and walls.

We would here repeat the request.

Ivy may be easily killed by being continually mowed down, and by a free use of salt.

MILK INSPECTION

The work of Mr. Wallace C. Tucker, the Inspector of Milk, has been very satisfactory. His report follows.

GENERAL

There are in the town several unhealthful places, such as pools of stagnant water, which breed malaria and mosquitoes, which we would like to see cleaned up, and this Board stands ready to do all in its power to assist in the work. We shall be willing and ready also, to look into all complaints and remedy conditions as far as possible.

J. S. Lincoln, *Chairman.*
A. W. Draper.
L. R. Burnett,

REPORT OF INSPECTOR OF ANIMALS

MILTON, MASS., January 1, 1913.

To the Honorable Board of Selectmen:

GENTLEMEN:— I respectfully submit, as Inspector of Animals, the following report for the year ending December 31, 1912.

I inspected one hundred eleven (111) stables, nearly all of which I found in a splendid sanitary condition; water supply, light, ventilation, drainage, etc., meeting all requirements.

I gave a physical examination to seven hundred twenty-one (721) cows, fourteen (14) bulls, twenty-eight (28) young, two hundred twenty-one (221) swine, sixty-five (65) sheep, which I found free from any symptom of tuberculosis or any other contagious disease.

I have quarantined nine (9) cows for tuberculosis and turned them over to the State, seven (7) of which were killed and two (2) released.

Respectfully submitted,

JAMES SPENCER,

Inspector.

REPORT OF THE INSPECTOR OF BUILDINGS

MILTON, MASS., January 1, 1913.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my fourteenth annual report for the year ending December 31, 1912.

There have been one hundred seventy-three (173) applications made, and permits issued, for alterations, additions, repairs and new buildings. I have made seven hundred thirty (730) inspections of buildings under construction throughout the Town.

There have been twenty (20) buildings examined for permits to move and twelve (12) permits issued.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT

Months	Permits for Wooden Buildings	Permits for Stone, Cement and Brick Buildings	Valuation by Application
January	9	2	$13,740 00
February	9	0	27,500 00
March	18	0	20,025 00
April	14	0	22,270 00
May	19	2	92,005 00
June	16	2	57,350 00
July	13	0	14,550 00
August	7	2	43,650 00
September	13	0	26,650 00
October	16	0	21,010 00
November	20	0	72,500 00
December	8	3	46,900 00
	162	11	$458,150 00

Making the valuation, as per applications, four hundred fifty-eight thousand one hundred fifty dollars ($458,150).

Respectfully submitted,

G. W. BURT,

Inspector of Buildings.

REPORT OF THE INSPECTOR OF MILK

MILTON, MASS., January 1, 1913.

To the Honorable Board of Health:

GENTLEMEN:—I herewith submit my report as Inspector of Milk for the year ending December 31, 1912.

There have been 53 licenses issued: 9 to stores, 44 to wagons. Of this number 39 were residents of Milton and 14 non-residents.

I have taken in all, at various times, 216 samples of milk and cream from wagons and from stores. These samples have been tested at the Harvard Dental School, "Department of Chemistry," and in the majority of cases have been found to be up to the standard required by the State laws. Those cases not up to standard have been investigated thoroughly and subsequent analysis made.

One of the most important factors in procuring pure milk is the care used in its production. Clean barns, clean animals, and personal cleanliness of the caretaker in milking is positively essential.

It has been very gratifying to see the improvements where suggestions have been made for better conditions along these lines. I take this opportunity to thank the citizens for their co-operation and increased interest in helping to procure pure milk.

Respectfully,

WALLACE C. TUCKER,

Inspector of Milk.

REPORT OF THE INSPECTOR OF PLUMBING

MILTON, MASS., January 1, 1913.

To the Honorable Board of Health:

GENTLEMEN:—I beg leave to submit the following report for the Department of Inspection of Plumbing for the year ending December 31, 1912.

Two hundred thirty permits to perform plumbing have been issued, on application, from this office, an increase of 38 over the year 1911. The approximate valuation of this work is $45,147.

Connections of 85 buildings with the Town sewers have been supervised, by your orders, and improvements made where necessary.

Respectfully submitted,

LORENZO E. YOUNG,

Inspector of Plumbing.

REPORT OF THE INSPECTOR OF SLAUGHTERING

Milton, Mass., January 1, 1913.

To the Honorable Board of Health:

Gentlemen:—My report as Inspector of Slaughtering is as follows: During the year ending December 31, 1912, I have inspected and stamped at McIntyre's Slaughter House 2 cows, 79 hogs, 27 lambs, and at Cunningham Park 19 lambs; making in all 127 carcasses.

Respectfully,

Wallace C. Tucker,

Inspector.

REPORT OF THE INSPECTOR OF WIRES

MILTON, MASS., January 1, 1913.

To the Honorable Board of Selectmen:

GENTLEMEN:— I herewith present the report of the Department of Wires for the year ending December 31, 1912.

This department has supervision of the Fire Alarm and Police Signal System, also inspection of all buildings equipped with electric light service and all poles and wires on the Town streets.

INTERIOR WIRING

The interior wiring of 110 buildings for installation of light and power was inspected, requiring 309 visits.

One hundred and two permits were granted the Edison Electric Illuminating Company to install the service.

The overhead lines on the Town streets have been looked after by the several companies using the lines, and very carefully inspected. All old and defective poles have been replaced with new ones. New wires were placed on Centre Street, from Voses Lane to the underground on Randolph Avenue. Circuit No. 1 of the Fire Alarm has been carried along Centre Street to Randolph Avenue, and then through the underground to East Milton. The old iron wires on Centre Street have been removed.

Seven thousand four hundred seventy-three feet of four-conductor cable have been furnished for the duct on Randolph Avenue from Reedsdale Road to Hillside Street. For the necessary repairs and the placing of 7,473 feet of cable in the underground duct, I recommend an appropriation of $1,000.

Respectfully submitted,

GEO. F. CHOATE,

Inspector of Wires.

REPORT OF THE PARK COMMISSIONERS

To the Citizens of Milton:

Brook Road Playground has become the center of much activity during the past year. Its use has increased greatly. We have carefully watched the attendance, including the audiences as well as the participants in the games. As a result of actual figures and conservative estimates, we find an attendance for the year of ten thousand or more. Under these conditions it seems to us that for the present this field should be considered as the one place to be developed for playground purposes. We have made no attempt to compare the use of Brook Road Playground with the use of Cunningham Park, as the latter is, of course, under separate management in no way connected with the Park Commissioners or, indeed, any of the departments, and is independent of Town appropriations. Nevertheless, we believe that the time will come when East Milton Playground will be needed as a part of the playground system of the Town. Any further acquisitions of land we feel should be treated as places for quiet, rest and recreation, rather than for noisy games. The appropriation made last March for the development of Brook Road Playground has been expended in putting up a batting cage, building a locker building with shower baths and toilet, moving the two baseball diamonds further apart, patching and improving the surface, and in some inexpensive work on the portion at the east end, the last in connection with the subject of children's gardens.

Turning to the specific needs of Brook Road Playground, we wish to present the following list of recommendations for its development:

First. Filling and grading of that part of the grounds lying back of the present graded field, so that the area may be used in part for younger children's games and for tennis courts, basket ball, or any sport requiring level ground; the exact division of the space among these various uses would be better determined as the needs developed.

Second. Another sanitary building, this one for women and girls, should be built. As there is a sewer in Thacher Street we count on one being built in Orono Street very soon, which would greatly simplify the question.

Third. Two electric lights should be erected and maintained on the grounds so as to encourage evening games rather than loafing.

Fourth. Certain gymnastic apparatus should be installed especially for small children, this being done more or less gradually as it appears what would be best appreciated.

As a natural result of the increased use of the field, rather more patching and repairing are needed than in recent years, and there is still some of the tussock grass left which should be hoed out. Some very slight expenses come with using the east end of the grounds for children's gardens. This year's experiments in this line were not attended by marked success, the plan having been adopted rather too late for this. This part of the grounds has now been plowed, harrowed and seeded in winter rye, and if it is plowed again in the spring should prove more tempting and lead to more demands for its use. Another row of red oak trees has been planted along Brook Road in carefully prepared holes. These trees had good roots and had been established near at hand, so that better results may be expected than with previous plantings.

To recapitulate the Brook Road Playground needs, the grading on present estimates would cost $2,300 (we hope to get the figure reduced somewhat); sanitary building, $500; two lights, based on recent figures of street lights, $42.50; improvement of existing ball field, say $100; apparatus of substantial nature, say $500; planting more trees with proper preparation of soil, say $200; simple form of bleachers, say $100; general care of grounds, at least $50; a total of $3,792.

Thus an appropriation of $4,000, not necessarily all spent in one year, but available at once if the demand seems to warrant it, would, we feel, put Brook Road Playground in good up-to-date condition, and the future maintenance will depend on the amount of use which it gets.

East Milton Playground needs little comment. Gravel has been sold to the Highway Department to the extent of $75.90, and an inconsiderable sum has been expended in the care of the lot.

Dollar Lane Playground has had practically no work done on it. The dumping on the Blue Hill Avenue side, though much less than formerly, has continued to be somewhat of a nuisance and a decided eyesore. It seems to be impossible to entirely stop the public from dumping rubbish there, and the time has come we feel, to expend a small sum in grading it over, as we believe that this and this only, will stop its use as a dump. We ask for this purpose, $200, which we include in the amount asked for general park purposes.

Hollingsworth Field has needed very little. We propose to remove the backstop, and in the near future put up some more benches, thus bringing this plot back to its original use as a place of quiet and rest for those living near at hand, as we consider that in so doing we will best carry out the intentions of Mr. and Mrs. Hol-

lingsworth, the donors. The shrubbery near the river will soon need to be cut over.

The appropriation for the improvement of school lots has been mostly expended in the removal or trimming of trees on the various grounds. What remains unexpended at the close of the year is set aside for certain thinning at the Vose School. The border which was last year prepared at the Tucker School has been planted with new shrubs which are thriving in the improved conditions.

Summed up, our entire recommendations for appropriations are as follows:

For the further improvement and equipment of Brook Road Playground, $4,000. This will be mentioned in a special article in the Town Warrant.

For the general purposes of the Park Commissioners, including grading at Dollar Lane Playground, $300.

To be expended in conjunction with the School Committee in the improvement of school lots, $100.

Respectfully submitted,

NATHANIEL T. KIDDER,
HORATIO A. LAMB,
CHARLES E. ROGERSON,
Park Commissioners of the Town of Milton.

POLICE DEPARTMENT

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to submit for your consideration the annual report of the Police Department for the year ending December 31, 1912:

Water running to waste reported	7
Wires burning trees reported	11

STOLEN PROPERTY

Amount reported stolen	$312 00
Amount recovered	242 00

CRIME

The work performed by the department during the year has been most satisfactory. No serious crimes have occurred during the time covered by this report; good order has been maintained.

THE FORCE

The conduct of the Force has in the main been excellent, and the rules and regulations governing the department have been generally observed.

On October 18, 1912, officers Edwin A. Houghton and James Wigley were given a leave of absence, without pay, on account of sickness, as they could not be carried on the payroll any longer, as the appropriation for the department could not stand it.

I would again call your attention to an Act to Provide for the Pensioning of Permanent Members of Police Departments and Fire Departments in Towns, which will come before the citizens of the Town on March 3, 1913.

I believe the citizens of the Town must recognize the fact that under the Civil Service laws, as they exist to-day, the best years of a policeman's life are spent in protecting their lives and property; and the salaries paid the police in this Town are not sufficient for them to lay aside enough to maintain them in their old age.

There is no reason why Milton should not follow her sister cities and towns, and also the State and the Metropolitan Park Commission in this beneficent direction. It is not humane—and certainly not to the credit of any municipal corporation—to push aside men who have imperilled their lives both day and night, in all kinds of weather, and on all occasions for twenty to twenty-five

years on its police force, and at the end of that time, without means, and too old to get a living at anything else, to be laid aside as back numbers.

I am now more impressed than ever with this proposition. I think it just, humane, and equitable; and the only satisfactory way of retiring the older men in the department when it is necessary to do so.

CONCLUSION

In conclusion I wish to express a personal word of congratulation and thanks to all the members of the department for their efforts to maintain the good name of the Town; and for their assistance, cheerfully given, in maintaining order during the great influx of strangers attending the celebration of the 250th anniversary of the Town; also at the pageant held in Hutchinson Field, October 5, 1912; at which times not one complaint was made of disturbance or loss of property; the extra work having been done without extra compensation.

Our thanks are due the Women's Relief Corps of Milton for their kind and generous treatment of the department on the 250th anniversary of the Town, Tuesday, June 11, 1912.

To your Honorable Board I wish to convey my thanks for your kind assistance and hearty co-operation; and to all others who have assisted in any way in promoting the welfare of this department.

Respectfully,

MAURICE PIERCE,
Superintendent of Police.

REPORT OF OVERSEERS OF THE POOR

MILTON, MASS., January 1, 1913.

To the Citizens of the Town of Milton:

The Overseers of the Poor of the Town of Milton have the honor to present their report for the year 1912.

Since last year no change has occurred in the personnel of the Board or of its officers.

At the Town Farm Mr. and Mrs. Calvin H. Sanford have continued their efficient and kindly services as Superintendent and Matron, causing a homelike atmosphere to pervade the place as in the past. It is the policy of the Board to admit to the Town Farm as regular inmates only those who are too infirm properly to care for themselves in their own homes, or whose manner of life is such that the public money could not be wisely expended for them elsewhere.

The number of permanent inmates cared for has diminished to four, none of them physically able to help in the house or farm work, and as the expense of conducting the establishment must remain about the same, there is consequent increase in the *per capita* cost. This has caused the Board to consider whether there may not be some other way to provide for the few inmates at less expense. A special committee of the Board has carefully studied the matter and has reported that no change is advisable at the present time.

The conditions have not materially changed since 1907 when the annual report bore the following statement:

> "The inmates requiring the greatest care are those enfeebled with age and affected with incurable disease, needing the constant care of some

person. For these no hospital or home is open. There is no place but the almshouse which will receive them. They, with others equally hard to place elsewhere, constitute the class which makes it necessary to maintain an almshouse, and to maintain it somewhat on the methods of a hospital."

Francis Bardwell, State Superintendent of Almshouses, advises that the Town Farm be not discontinued at present, that no town would board our people in its almshouse for less than seven dollars per week, and that more than this would certainly be charged for some of the people now with us. It is also felt by the Board that our Milton people would not care to entrust their poor to another town where standards of care might not be in accord with our own. These reasons are, in brief, the cause for the decision of the committee, which farther recommends "that the almshouse be conducted on a careful basis of economy, furnishing only in a simple way, a clean, comfortable home, without luxury." The full report of the committee is on file as a public document.

The men at the Town Farm have for years been quartered in a building by themselves, but as all the present inmates are aged and infirm, it is arranged that until conditions change the men shall be quartered in the main building, thus saving the expense of heat and care in their special house.

All the buildings are now in good condition, and with composition, fireproof floors throughout the inmates' quarters in the main building, they can easily be kept clean and are fairly safe from fire. Nevertheless the great source of concern to the Board is the use of kerosene for lighting purposes. In the spring the electric light wires were unexpectedly extended up the Town Farm

lane to the property. The Board secured bids for the installation of lights in the buildings, but it was found that the cost of this improvement could not be met with the appropriation of this year. In view of the small number of inmates and consequent high *per capita* cost, it seems inadvisable to install the lights until conditions change. It is hoped, however, that it will be possible to introduce them at some future time, the expense to be met by the regular appropriation.

The "outside poor," those who, with assistance from the Town, are in a measure able to help themselves in their own homes, have continued under the special supervision of the Agent of the Board, Mr. Albert Rounseville, of Rochester, Mass. Since Mr. Rounseville began his service, nearly eight years ago, the value of such an expert agent has been constantly demonstrated. He has shown himself an impartial, conscientious, sympathetic and efficient representative of the Board, and his thorough knowledge of the intricate laws of settlement has placed financial responsibility for every person helped, upon the municipality where it belonged. Mr. Rounseville spends every Thursday in town, and may then be reached at the Town Hall. He also devotes other time to the work, as occasion demands, renders to the Board a written weekly report of his doings, and attends its monthly meetings.

In the report of the Board for 1905 appeared the following paragraph:

> "The Board wishes to draw attention to the fact that in giving aid it merely supplies the necessities and none of the luxuries of life, as one of its duties is to in no way encourage pauperism, but to help the applicants to help themselves. Bearing this fact in mind, it is at once apparent

> that harm may be done by a citizen furnishing aid to a person or family which may at the same time be receiving aid from the Board, of which fact the citizen is not cognizant. While the Board does not wish in any way to discourage personal benevolence, it believes that the best results can be obtained in most cases by a benevolent citizen if he first asks the Board whether or not public aid is being supplied, and the Board will gladly furnish any information in its possession, upon request."

At the time that this was written the Social Service Committee of the Women's Club was beginning its work. This has now developed into the Social Service League, which is organized to provide for those cases of temporary distress where the outlook for the future is hopeful, and many worthy persons are thus saved the necessity for becoming charges of the Town, which helps more especially those who have little prospect of becoming independent for a long time. The League and the Overseers work in co-operation, each in its distinct field. Both register their cases with the Confidential Exchange in Boston, this registration often revealing new sources of information, which may help the applicant or at least prevent duplication of effort and consequent waste.

Each citizen who is helping some individual, possibly thinking that his is the only aid, will assist the cause and probably his needy friend, if he will report such help either to the Overseers, the League, or the Confidential Exchange.

The following tables are designed to give as clear an idea as possible of the age, condition and needs of those persons who have been helped during the year, and the financial statements show the subdivision of expenses in their behalf.

At the Town Farm, through economy practiced by the Superintendent, the cost has been much reduced, but, as there were fewer inmates, the *per capita* cost has been raised from $8.12 per week, last year's figure, to $8.67 per week this year.

There have been 69 helped outside the Town Farm against 58 last year.

Total	$879 19

Ten years ago the Town expended for its poor, exclusive of the insane, $11,000. The amount spent has since then been steadily reduced until it would appear to have reached its lowest limit at $5,800. As the number of poor now being cared for outside the Town Farm is larger than usual, and will probably continue so through the coming year, the Board, after consideration, recommends that the Town appropriate $6,000.

The Overseers of the Poor meet at the Town Hall on the Thursday after the first Wednesday of each month at 7.30 P.M.

Respectfully submitted,

ARTHUR H. TUCKER, *Chairman,*
PARKER B. FIELD, *Secretary,*
LAVINIA H. BRACKETT,
HORACE N. PLUMMER,
WALTER D. BROOKS,
Overseers of the Poor.

REPORT OF THE TRUSTEES OF THE MILTON PUBLIC LIBRARY

MILTON, Mass., January 1, 1913.

To the Citizens of Milton:

In the regular discharge of their trust, the Trustees of the Milton Public Library herewith present their annual report to the Town.

In the first place they would like to emphasize some of the salient points of the report of the Librarian which follows in full.

Miss Forrest says that "the circulation, 65,005, is the largest in the history of the Library with one exception, that of 1908." This indicates the continued and sustained value of the Library to the Town. "The largest circulation of adult books in any one class, next to fiction and periodicals, has been sociology and education." This fact well illustrates the spirit and tendency of the times. While fewer books have been sent to the schools, a larger number of pupils have come to the Central Library for their supplementary reading, so that the actual service to the schools is maintained. The gain in the use of the Russell Reading Room is striking, for in the small community which that Reading Room serves there has been a gain of 116 in the adult circulation, and 91 in juvenile.

The Librarian gives in her report a list of the occupations of the various card-holders of the Library. This list comprises an extensive variety of occupations and well illustrates how wide a range of interests the Library serves.

Two radical changes have been made during the year. "With the exception of new and much called for books, all books are now issued for one month instead of two

weeks. This saves so many renewals and the running up of fines, and altogether gives more satisfaction to the borrower and Library."

The other change has been in the hours for the opening of the Mattapan Branch. The lack of money appropriated by the Town for the use of the Library, and local conditions prevailing at Mattapan decided the Trustees to close the Branch every day but Tuesday. It was soon found, however, that this opening one day a week was not meeting the demands of the citizens from that portion of the Town, so after a conference with a committee from Mattapan, it was decided to open the Branch two days a week, namely, Tuesdays and Fridays from 3 to 6 and 7 to 9.

The repairs to the Library building, for which $500 was specially appropriated, have cost more than was expected, because a larger amount of work has been necessary than was anticipated, both on the roof and on the heating plant; $503.78 was expended on the roof, and $254.17 on the heating plant, making a total of $757.95.

Notable gifts to the Library are mentioned in detail in the Librarian's report. They are well worth the attention that citizens are invited to give to them.

The work of the Library has gone on effectively and efficiently the past year. There have been some inevitable changes in the staff, and some unavoidable absences on account of illness, for the work of the Library is exacting, but the service to the Town has not suffered in consequence.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman,*
CHARLES E. ROGERSON, *Treasurer,*
RODERICK STEBBINS, *Secretary,*

Trustees of the Milton Public Library.

REPORT OF THE LIBRARIAN

MILTON, MASS., January 1, 1913.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1912.

Even in the face of many vicissitudes, the Library has had an interesting year of work. The circulation, 65,005, is the largest in the history of the Library with one exception, that of 1908, which was 66,258. Next to fiction and periodicals, the largest circulation of adult books in any one class has been sociology and education, followed by literature, fine arts, history, industrial arts, travel, biography, natural science, religion, philosophy, and philology.

The circulation from the Central Library has been 35,143, from East Milton 16,775, from Mattapan 10,957, and from Russell Reading Room 2,130. This shows an increase over last year at Central of 3,197, at East Milton of 1,158, at Russell of 207, and a decrease at Mattapan of 714. In short, there has been an increase in all departments except in the schools and in the juvenile circulation at Mattapan.

At Central the greater gain has been in the Children's Room—1,623 over last year—while the adult gain has been 1,574. The work with the schools fluctuates from year to year. During 1912, 2,667 books were sent to the different grades, a decrease of 210 as compared with 1911. Each year more pupils are coming directly to the Library for their supplementary reading, so that a decrease in the number of books sent to the different schools does not necessarily indicate a decrease in the amount of work done with schools.

At Russell, the gain has been 116 in the adult circulation, and 91 in the juvenile. At East Milton, the larger gain has been in the adult circulation, 872 over last year, with a gain in the juvenile of 286. The establishing of a private lending library at East Milton has cut into the use of the Branch, but as this cut has been confined entirely to recent fiction, it is undoubtedly temporary, and has no real bearing on the normal use of the Library. At Mattapan, there has been a gain of 81 in the adult circulation, but a loss of 795 in the juvenile.

The Town appropriation of last year was not sufficient to carry on the usual work of the Library. The only way out was to cut down the service at that point where the Library was least used. Careful study of statistics showed that point to be Mattapan; consequently on April 1, the Branch was closed every day except Tuesday, the hours for that day remaining the same as usual, 3–6 and 7–9. It was soon found, however, that one day a week was not sufficient service for that section of the Town, and after a consultation between the Executive Committee of the Library Trustees, and a committee of citizens from Mattapan, it was decided to open the Branch on two days a week. Accordingly, beginning the week of June 10, the Branch was opened on Tuesdays and Fridays from 3–6 and 7–9. This was the best that the Library could do, and although it has not met all the requirements of the situation, it is a fair proportion of service in comparison with the use of other parts of the Library system.

Naturally, with the normal attendance of six days crowded into two, the average attendance has been large, and has at times taxed to the utmost the present quarters. Miss Talbot, in charge at Mattapan, reports that the average daily attendance during the months of September, October, November, and December has been

more than double that of 1911, made up almost wholly of children. For instance, on Tuesday, December 10, the attendance was 244, of which 219 were children. Comparative statistics of attendance for the months of September, October, November, and December of 1911 and 1912 follow:

	1911	1912
September	50	105+
October	60	125+
November	72	152
December	70+	154

The *total* attendance at Mattapan has been 11,427 against 16,176 in 1911. Of this 3,298 has been adult and 8,129 juvenile. The attendance of 1911 was 4,722 adult and 11,454 juvenile. This shows a percentage of children in 1911 of 70+ and in 1912 of 71+. Such figures are significant and prove conclusively that the Mattapan Branch is primarily a children's branch, and that the main problems there are centered in the children.

The attendance at Central has been 19,916, against 18,907 in 1911. Of this total 10,748 has been adult and 9,168 children. At East Milton the attendance has been 9,163 adult and 7,240 juvenile, a total of 16,403 against 15,636 in 1911.

Miss Kennedy reports a decided increase in the number of children using Russell Reading Room, particularly during the summer months, the average being seven-tenths of the whole attendance instead of one-half as in 1911. Only one family with children of school age is reported as not using the Reading Room, which shows how well that branch is serving its public.

On the whole, the general use of the Library is growing. One year the special call may be for books on literature, the next for sociology or science, but it is no longer so

largely confined to literature and biography as was formerly the case. This wider use is due partly to the quiet but continuous publicity work which the Library is doing. Lists of new books are printed regularly in the Milton Record, are posted on Library bulletins, and are sent to all the Branches. Regular bulletins are printed five times a year, giving in addition to recent purchases, lists of books of special interest. Postal cards calling attention to recent additions are frequently sent to various persons as books on subjects in which they are specially interested are purchased. But after all is said and done, there is but one way in which people can really know the contents and scope of the Library, and that is by coming to the Library and finding out for themselves what is to be had there.

With the exception of new and much called for books, all books are now issued for one month instead of two weeks. This saves so many renewals, and the running up of fines, and altogether gives more satisfaction to borrower and Library.

A rule made by the Trustees on May 5, 1911, and mentioned in last year's report, to the effect that all fines are payable within 30 days after such fines become due, and unless accounts are settled within that time names are posted for non-payment, has had a most wholesome effect in reducing the number of outstanding accounts.

The yearly inventory shows 12 books missing, a small number out of a total circulation of 65,005.

Through the inter-library loan system, the following books have been borrowed from the Boston Public Library: Bolton, Scotch-Irish pioneers in Ulster and America, Cérenville, Life of Prince Potemkin, De Garmo, Herbart and the Herbartians, Gibbons, Our Christian heritage, Hiscox, Compressed air in all its applications,

Hutchinson, Food and diatetics, Journal of home economics, February, 1912, Mackie, Life of Schamyl, Memoirs of Prince Potemkin, National review, November, 1912, Pall Mall magazine, 1903, Scott, Making of Abbotsford, St. Jean, Life of Prince Potemkin, Smith, Story of Georgia and the Georgia people, Stephenson, Public lands and agrarian laws of the Roman republic, Strobel, The Salzburgers and their descendants. Hoffding's History of philosophy has also been borrowed from the Boston Athenæum.

There are at the present time 3,249 card-holders, representing 41 per cent of the residents of the town. In addition to teachers, students, and men and women of no recorded occupation, there are registered architects, bankers, barbers, bookkeepers, brokers, carpenters, cashiers, clerks, coachmen, draughtsmen, dentists, drivers, elevator builders, engineers, firemen, foremen, florists, freight handlers, gardeners, ice dealers, inspectors, insurance brokers, janitors, laborers, lawyers, machinists, policemen, letter carriers, superintendents, granite dealers, salesmen, real estate agents, managers, physicians, publishers, expressmen, operatives, conductors, plumbers, moulders, electricians, piano tuners, editors, farmers, builders, telegraphers, news dealers, masons, stenographers, clergymen, secretaries, calkers, bakers, lumber dealers, collectors.

The notable purchases of the year have been, The Cambridge modern history, in 14 volumes; A history of England, in 7 volumes, edited by Charles W. Oman; Irish literature, in 5 volumes, edited by Justin McCarthy, and The life and times of Cavour, by William Roscoe Thayer.

Discarded books to the number of 413, together with duplicate periodicals, have been sent to the Boston Medical Library, to the Seaman's Friend Society, to the Straitsmouth Life Saving Station, at Rockport, to the

Highland Life Saving Station, at North Truro, to the Massachusetts Library Commission, to the Woman's Alliance of the First Congregational Parish, to the Church Periodical Club of St. Michael's Parish, and to the Salvation Army. In spite of a weeding out process which is going on constantly, the need of room is imperative. Sixteen hundred volumes are now stored in the basement in order to make room in the stacks for the books in constant use.

The most notable gift of the year was a collection of etchings, given anonymously. The collection of nearly 200 includes 11 etchings by Whistler, 2 by Rembrandt, 1 by Albrecht Dürer, 4 by Joseph Pennell, 2 by Meryon, 1 by Corot, 1 by Daubigny, 2 by Jongkind, 9 by Sir Seymour Haden, 2 by Hiroshige, and 1 by Hokusai, besides other prints by less important artists.

A very beautiful piece of Japanese embroidery lent by Mrs. J. Malcom Forbes, has been hung in the reading room.

Other gifts have been: 47 volumes of bound periodicals, 14 books, miscellaneous photographs and prints, and an oil painting — the portrait of a dog — by Thomas H. Hinckley, from the estate of Miss Joanna Rotch; 5 engravings, including the famous hemicycle of the École des Beaux Arts, by Paul de la Roche, also a photograph of Michael Angelo's David, all framed, from Charles S. Rackemann, Esq.; 33 volumes from the Columbine Book Club; 44 miscellaneous volumes and 21 numbers of the Studio, from Miss Olivia Y. Bowditch; 21 numbers of the Survey, from Mr. Edward Janes Carpenter; 13 numbers of the American historical review, from Mr. Philip P. Chase; 39 numbers of Charities and the Commons, from Mr. John W. DeBruyn; a copy of Prints and their makers, by Fitz Roy Carrington, from Miss Catherine W. Faucon; Scenes from every land, in 3 volumes,

from Dr. Harris Kennedy; a photograph of the 250th Anniversary Committee taken at the time of the celebration, from Mr. Nathaniel T. Kidder; a photograph of the art room during the exhibit of mezzotints, in February and March, from the Art Committee of the Education Society. A most unique gift, from Mrs. Horatio A. Lamb, was a piece of timber, from her own house, which had been eaten by black ants. It is completely riddled inside, leaving the wood in splinters.

Ninety-eight meetings of various societies and committees have been held at the Library during the year, with a total attendance of 1,021.

The exhibits for the year have been: January 1–17:— Colored prints of famous paintings lent by the Horace K. Turner Company: February 16–March 17:— Mezzotint engravings, lent by the Library of Congress, through the American Federation of Arts, and arranged by the Art Committee of the Education Society; April 1–June 1:— Paintings by Charles W. Hudson; June 11–September 26:— Local exhibit in connection with the 250th anniversary of Milton; October 2–December 1:— Medici prints lent by Messrs. Foster Bros.; December 8–31:— Etchings by Whistler and Pennell, owned by Milton Public Library. These etchings are still on exhibition.

There have been three changes in the staff. On March 4, Mrs. Spofford, who had been in charge of the Mattapan Branch, resigned to accept a position at the Somerville Public Library at a much larger salary. Miss Edith Loring entered the service June 19, and left July 6. Miss Charlotte S. Tower resigned her position on June 22. On September 3, Miss Marjorie Talbot, a graduate of Smith College and of Simmons Library School, entered the service as a regular assistant. She is also in charge of the Mattapan Branch on the two days that it is open.

In addition to its regular work, this Library was asked to give a report on its publicity work before the Massachusetts Library Club at its meeting in Springfield in June; it has again been asked to tell the club of its use of public documents at the meeting to be held in January. The use of public documents is still an unexplored country to many libraries, and this library is fortunate in having the services of Miss Lucy D. Luard, who has during the past year made available to our public many publications of state and federal departments. The Library has also been headquarters for the sale of anniversary plates, and in many other ways has given freely of its time to further the work of town betterment.

This year of work has been accomplished in the face of many difficulties due to illness and changes of staff, and those members of the staff who have weathered the storm deserve great credit for their faithfulness and loyalty.

Respectfully submitted,
GERTRUDE E. FORREST,
Librarian.

REPORT OF THE BOARD OF SELECTMEN OF MILTON

The Board of Selectmen of the Town of Milton herewith submits the seventy-sixth annual report.

Bonded Debt of the Town, as of January 1, 1912, was	$370,000
Bonds paid during the year 1912	26,000
	$344,000
Bonds issued during the year 1912	5,000
Bonded debt, January 1, 1913	$349,000

The financial condition of the Town is sound; all notes and maturing bonds have been promptly met and the balances on appropriations are in satisfactory condition.

Transfers from Contingent Fund to Miscellaneous and Town Hall and Lot Accounts have been necessary for various reasons. The Miscellaneous Account was insufficient to meet heavy drafts made upon it for the payment of legal fees in connection with the collection of certain taxes which were in litigation, and for other unforeseen expenses. This account is a difficult one to figure, as there are so many unexpected bills against the Town that can only be charged against this account.

The large increase in the use of the Town Hall has made it necessary to hire more help, and the Board believes that an additional $200 should be added to the old appropriation of $1,600 to meet this contingency.

The proper maintenance of the highways is a serious problem which confronts the Town. Milton is so situated that a large proportion of the automobile traffic south of Boston passes through its several thoroughfares in different directions. These roads receive a heavy wear and tear throughout the entire year, both from

pleasure cars and, of late years, heavy trucks, which traffic is bound to increase rather than decrease. For years past there has been practically no change in the methods employed in caring for the highways, but it is apparent that permanent forms of construction must be started at once to meet the new conditions of traffic. The Board has therefore recommended that the present appropriation for highways remain the same, and that an additional $10,000 be appropriated under a separate account for the construction of permanent work, such work to be let out under contract, as the Town does not own the equipment necessary for this work.

During the year the southerly side of Brook Road from Blue Hills Parkway to Central Avenue was widened and stone and Tarvia form of construction laid.

In East Milton the granolithic sidewalk was continued from Granite Place to the Quincy line and numerous other short stretches of permanent sidewalks were laid in some of the side streets. In addition to this a granolithic walk was started at the corner of School Street and Central Avenue and continued for about 2,500 feet towards the junction of Central Avenue and Brook Road. This distance should be completed during the ensuing year.

A bequest of $5,000 from Mrs. Oliver Peabody was received during the year and invested by the Board in Mortgage Bonds, all of which came under the laws of legality for Massachusetts Savings Banks. The income was expended at Christmas time according to the terms of the will.

The Board wish to thank the Town officials and others who have assisted them in their work.

PHILIP S. DALTON,
MAURICE A. DUFFY,
HENRY H. BARNES,
Selectmen of Milton.

REPORT OF THE SEWER COMMISSIONERS

The Board of Sewer Commissioners reports as follows regarding the work of the Sewer Department during the year 1912, its report being in accordance with the form adopted in their report of 1910:

General	
Population by census of 1910	7,924
Total area of town	15 square miles
Area served by sewerage system	0.677878 square miles
Method of disposal	Metropolitan system

Collection Mains	For Sewage Only	For Sewage & Surface Water
Lineal feet pipe (measured)	56,614.20	700 (storm overflow)
Lineal feet extended during year*	4,418.89	
Number of inverted siphons	1	
Number of manholes	241	
Number of storm overflows	1	
House Connections		
Number made during year	90	
Average cost per foot	60c	
Number of stoppages coming to notice of department	6	
Discharge of Sewer		
Estimated population using sewer system	3,600	
Number of buildings connected	613	

Financial	
Total cost collection mains to December 31, 1912	$122,798 83
Bonded debt at date	20,000 00
Average rate of interest on bond	4%

For details of sewer construction and maintenance account reference is made to the Financial Reports compiled by the Auditors as shown elsewhere.

Respectfully submitted,

JOHN BALCH,
ASAPH CHURCHILL,
CHARLES G. WAITT,
Board of Sewer Commissioners.

* The extensions made during the year were in Eliot Street, 722.60 feet, Brook Road, 659.59 feet, Brush Hill Road, 717.20 feet, Cheever Street, 1,200 feet, Otis Street, 1,119.50.

REPORT OF THE SUPERINTENDENT OF STREETS

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit the report of the Street Department for the year 1912. The general work of the department was started earlier than usual as many of the streets were in a very rough condition and needed immediate attention.

There was an unusual amount of work required on nearly all of the streets which was occasioned by the extremely cold weather of the winter season. The action of the frost was very severe and damaging to many of our gravel and light macadam roads.

Repairing roads that have been broken up in this manner is very expensive, as a large amount of material is necessary as well as a great amount of labor.

Highland Street near the Wadsworth estate was repaired with stone and gravel; the natural condition of the road bed is such that this street will probably have to be rebuilt. Sections of Blue Hill Avenue and Brush Hill Road were in the same condition and have been improved by drainage and surface repairing. Canton Avenue from Highland Street to Elm Street was resurfaced with crushed stone. Elm Street was resurfaced with gravel. Whitelawn Avenue was graded and resurfaced with gravel. Brook Road from Thacher Street to Central Avenue was resurfaced on the south side with Tarvia macadam. Randolph Avenue between Russell Street and Adams Street was resurfaced with crushed stone. Adams Street from Randolph Avenue to Hutchinson Street was resurfaced. The corner of Hutchinson and Adams Streets was improved by widening and rebuild-

ing the retaining wall. Squantum Street was widened on the westerly side from Granite Avenue to the Quincy line; this work was not entirely finished but should be completed next season. Granite Avenue was repaired with crushed stone. Houston Avenue, Dyer Avenue and Warren Avenue were repaired with gravel. A granite pavement gutter was laid on the westerly side of Tucker Hill, on Randolph Avenue. Similar gutters were laid on Highland Street and School Street where the old gutter washed continually and were very irregular. A 12-inch akron pipe surface water drain, 1,240 feet in length, was laid in Bradlee Road; this drain provides an outlet for the drainage of that section of Brush Hill; for many years this water had been flowing upon private land which the owners wished to improve. On Thacher Street from Canton Avenue for a distance of 720 feet, an 8-inch akron pipe and stone drain was built to take care of the surface and ground water of that section. The 12-inch drain on the westerly side of Brush Hill Road near Smith Road was uncovered and the clay removed; the trench was then refilled with stone so that better drainage would be provided for that part of the street. All the drains and culverts throughout the Town were cleaned and repaired where necessary, and are in good working order. The regular work of cleaning the catch basins was also done in conjunction with the drainage work.

BRIDGES, PLANK WALKS, STREET SIGNS, ETC.

That part of Elliott Street Bridge which is owned by the Town was entirely rebuilt. This bridge is of wooden construction and was in a very unsafe condition; the foundation walls were also repaired and strengthened. The Granite Avenue Bridge was replanked and the piers and deck were repaired. The Central Avenue and

Adams Street bridges were also repaired. All of the bridges are of wooden construction and require continual repair work. Another section of the Central Avenue plank walk was taken up and replaced with a granolithic walk. The board walk is still in use on Adams Street; this walk is in a very poor condition and should be replaced by a more permanent one.

Fences and street signs have been repaired and renewed. The gravel walks have been extended and resurfaced. There are many places where gravel walks are very much needed, but on account of local conditions it is almost impossible to build them without great expense.

STREET WATERING AND OILING

During the past season the only cart in use for street watering was discontinued. Oil is now entirely used for dust-laying purposes. The past season has been a very busy one for this kind of work, and the cost of oil has increased about one-third.

REMARKS

The supply of material for road construction and maintenance is very limited, in some sections of the Town there being no supply whatever.

During the past season nearly all of the crushed stone and some of the gravel used were brought from outside the Town limits. The teams employed by this department are as good as the average engaged and employed on similar work.

On account of the number of hills which we have on nearly all of our streets, and also considering the eight-hour day, the amount of material hauled is below the average amount which should be delivered.

Whether these existing conditions could be improved by the use of a motor truck is a question that I think should be considered and tried.

There has been no retirement on account of the Laborers' Pension Act which the Town accepted at the last November election. How much of a benefit this pension law will be to the department or to the employee is yet very uncertain, as the age of the employee, his period of service and the kind of labor that he performs, all have to be considered. While many of the men employed are of advanced age, there are but a few who have worked long enough to be benefited by this act.

In concluding this report I wish to extend to your Honorable Board my appreciation for your assistance, and to the citizens and employees for their co-operation in the general work of this department.

INVENTORY OF STOCK AND TOOLS OF THE HIGHWAY DEPARTMENT, DECEMBER, 1912

Stable and sheds	$4,500 00
Stone crusher	1,500 00
Steam roller	2,500 00
Hay scales and fixtures	1,000 00
Seven horses	1,500 00
Harness, stable fixtures and supplies	300 00
Automobile	350 00
Miscellaneous tools for street work	325 00
Wagons, carts, etc	1,450 00
Crushed stone and general supplies	275 00
	$13,700 00

Street Watering Department

10 watering carts	$1,500 00
1 oil heater	275 00
Tanks, pumps, etc.	750 00
	$2,525 00

Ice and Snow Department

17 snow plows	$650 00
4 pungs	250 00
Gutter plows	200 00
	$1,100 00

Respectfully submitted,

EDWARD A. MCCUE,

Superintendent of Streets.

REPORT OF THE TREE WARDEN

MILTON, MASS., January 1, 1913.

To the Citizens of Milton:

For the gypsy moth work the coming year $15,000 should be appropriated. I put this statement first in the hope that it will be read. My chief reason for asking for this increase is that I believe that a new system of supervising the work should be inaugurated. Hitherto the Town has had my services as director of this work entirely free of cost. More than that, I have from time to time contributed materials or tools which would have cost the Town good money. I am willing to continue the general direction of the work, but my own affairs are suffering, and what is more important, I believe that by putting on the work a man of training and experience in forest work much better results will be got for the Town.

When the gypsy moths first appeared in Milton there seemed very fair reason to suppose that before they could become very abundant here some means of checking them, either natural or artificial, might be forthcoming. The situation to-day is about the same, the cure is still expected. In some places the parasites are doing good work; in our Town the predaceous Calosoma beetle only has appeared. This is an item of importance, but until more of the natural enemies appear, and in quantity, we still must rely chiefly on spraying and creosoting. Flacherie, or wilt disease, kills enormous numbers of caterpillars, but it is difficult (if not impossible) to direct, and it only breaks out when the caterpillars are crowded, and then only late in the summer and in favorable weather.

Milton has, of course, spent a good deal of money on

the work of suppression, but we have not made the large appropriations which some towns have made, nor has a very great amount of private work been done. By this I mean that there is at present only one spraying machine owned by a private individual in Milton. The Town owns three, whereas the Town of Brookline owns six machines, and private individuals there own one more. We have been looking forward to cutting down our appropriation, but the appropriations from year to year have not been very large compared with neighboring cities and towns, so that our year for cutting down has not yet come.

The financial relations between State and Town in regard to the gypsy moth work are difficult to put in writing. I will try to do it, using only round figures and entirely imaginary sums. These relations are rendered more complicated by the facts that the State's financial year is from November 30 to November 30, the Town's year coinciding with the calendar year, whereas the appropriation must last from March meeting to March meeting. There is the possibility of reimbursement from the State on the following terms only: Before looking to the State for anything, the Town must spend five thousand dollars on which nothing comes back; that is, if the Town spends, say ten thousand dollars, but gets back from individuals say three thousand dollars through bills sent out by the department, and two thousand dollars through gypsy moth taxes collected, it still has spent nothing beyond the five thousand dollars on which it is entitled to reimbursement according to the Gypsy Moth Act. The Tree Warden, however, has the three thousand dollars to the credit of the department to spend over again. This sum he proceeds to spend, and when it is spent the State owes the Town one-half, or fifteen hundred dollars; but meanwhile, tools and supplies

(including poison, spraying machines, hose, etc.,) have been bought of the State to say the amount of three thousand dollars. In this instance no cash would be due in either direction, as the State cancels its debt by selling the Town the tools at half price. Had the Tree Warden bought more than three thousand dollars' worth of supplies, there would be due the State, at full value, all above three thousand dollars, and yet the Town would have benefited, as it would have got three thousand dollars' worth of tools for fifteen hundred dollars, and even the excess amount paid in cash would be at a lower rate than the same tools would have cost in the open market.

Incidentally, it should be noted that the Town receives back a considerable sum in gypsy moth taxes; this last year about $4,000 of the $10,000 appropriated and spent. A large debt due the State had accumulated for tools and materials. This debt, amounting to $2,500, reduced the available sum by that amount. In the busy part of the spraying season it is practically impossible to foresee just where the work is coming out financially, complicated as it is by private orders to be paid back, the amount to come through the tax bills, and the fact that the State bills (delayed also during the rush season) are slow in coming in. There should be a larger margin of credit to allow for this. It was obvious that the amount for this year was going to be insufficient, but the Warrant Committee thought best not to recommend more, and I was the more ready to follow its advice because I thought the wilt disease might help us out. Had the wilt done all that was claimed for it by its champions, all would have been well. It was planted out all over Town, but only in a few places did it do any good.

I want to try it again, but only where the infesta-

tion is heavy, and then only where it is possible to spray a band of woods around the infested area.

We have had from the State this year $2,673.78 worth of tools at a cost of $1,654.75, and there is still due a bill for these, $1,654.75. I have had the two good sprayers repaired, and for this owe $464.20. The oldest machine I have sold, as it had outlived its usefulness as a sprayer, though there was still some life in the tank and pump. I believe that the best men in the department should be carried through the winter, and as a matter of fact, there is always more than enough for them to do. This year I am treating with creosote all nests which can be reached, especially in regions where for one reason or another, spraying is inadvisable. Gypsy-moth work is like rolling a stone up hill—you have to keep at it or it rolls down again.

Returning to the question of a higher-priced assistant, I would say that I believe such a man could be got for about $1,200 per annum; he should be furnished with a motor or motor cycle. A new spraying machine should be bought and supplied with hose, and some hose got for the old machines.

Summed up, I estimate this at a minimum of

Assistant	$1,200
Motor, or at least motor cycle	300
New machine	1,000
Hose	500
Poison, last year's prices	950
Tools, last year's prices	700

I stocked the nursery last spring. Fortunately the trees which I got were very small and inexpensive, for they were not very good trees, and arrived very badly dried up. No sooner had a few leaves appeared on them than these were devoured by gypsy caterpillars, and the

drought which followed decimated the ranks. Yet there is a fair number of trees left, and perhaps some of them will be large enough to plant out the coming season. Milton must give more attention to street trees, or give up in the near future its reputation for shady streets. It would, however, be a waste of time to plant without supplying plenty of loam, and some form of tree guard. Street trees are comparatively easy to protect against insects but not against horses and oiled roads. Here again the experienced assistant would come in, he being able to give all his time to tree problems of various sorts. I believe that ultimately he would be worth his wages on this alone, and he would be a valuable adviser to owners of woods.

I planted out some poplars on Brook Road, continuing the row on each side from those planted by Mr. James S. Russell a few years since, to the Parkway; I do not consider poplars very desirable trees, but the species was already present. Some have already been destroyed, probably by horses eating off the tops. My reports have repeatedly referred to the difficulties of trees and wires in conjunction, and my preference for trees on private land a few feet back from the road. It is, however, difficult to get people interested in this method of planting. No one ever has any consideration for the roots of trees.

A good many trees were headed back this year, a temporary disfigurement, and not always resulting in saving the tree. Dead limbs have been removed, branches interfering with carriages, lights or wires, and also, on the sidewalk, with umbrellas. About the usual amount of spraying for elm-leaf beetle has been done. These pests yield fairly well to thorough spraying, and were not much in evidence late in the summer when they may be expected to show up most. It would seem that they

were rather less abundant than for some years past. Leopard moths are all too plenty, but do not show very plainly until they have about finished a tree. Tent caterpillars were very numerous again and did much damage, but not to street trees. These are still taken by many for gypsy caterpillars, whereas a little care of them early in the spring would obliterate them at least locally.

As the spraying in 1911 had not seemed as efficacious as usual, I had an analysis of a sample of the poison made, as also of the poison furnished by the State this year, and of a poison which I bought from another source. By these analyses all appeared to be about the same, and as this year's spraying produced better results, it would seem that the weather of the previous season may have affected the work. Another year I shall do more spraying from up in the trees, as it may be that the tops are not as thoroughly covered as they should be by the use of the large nozzle.

I always lose a great deal of time in moving the machines from place to place owing to the fact that orders for private work do not come in until late. It would greatly aid in systematizing the work if all orders were in before any work begins. Again I urge the owning of sprayers proportionate to the work on the individual's premises, as a dose at the right time is worth two at a later date. Even a sprayer for low work, and the employment of the town or a contractor's sprayer for tall trees would be a move in the right direction.

Of methods of protection other than spraying, banding with burlaps is very useful where the burlaps can be attended to. This is work which anyone can do, and any old bagging answers just as well as the strips used by this department. They are to be looked at every day and the caterpillars sheltering under them killed. Burning

out stone walls is a dangerous proceeding, and I am told that soaking them down with fuel oil is equally efficacious. Please remember that clearing up rubbish or superfluous weedy trees helps greatly, but that cleaning up once does not mean that the place remains always clean. Trite as this sounds, it seems to be very generally overlooked.

I recommend then:

To be expended in the extermination of the gypsy and brown-tail moths, $15,000.

To be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees, the ensuing year, $2,000.

Respectfully submitted,

NATHANIEL T. KIDDER,

Tree Warden.

REPORT OF THE WATER COMMISSIONERS

To the Citizens of the Town of Milton:

The Water Commissioners respectfully submit the following report of their operations for the year 1912.

At the annual meeting in March, Mr. Jesse B. Baxter was elected for the term of three years, to succeed Mr. Charles S. Pierce.

At the same meeting an appropriation of $3,000 was made for the extension of mains, and the usual appropriation of $9,000 was made for hydrant service.

The total amount expended for new construction in public streets was $7,147.88, apportioned as follows:

Eaton Street, 432 feet of 6-inch pipe	$539 48
Willard Street, 232 feet of 6-inch pipe	344 24
Randolph Avenue to Park line, 1,356 feet of 6-inch pipe	1,994 39
Lincoln Street, 333 feet of 6-inch pipe	455 74
Wharf Street, at new station, 100 feet of 6-inch pipe	199 84
Brook Road extension, 612 feet of 6-inch pipe	1,083 54
Brook Road at Reservation Road, connection	15 72
Breck Street, 100 feet of 6-inch pipe costing $135.60, less $80.09 paid by James E. Noble	55 51
Blue Hill Avenue, near Mrs. Slater's, 1,033 feet of 6-inch pipe	1,083 03
Upland Road, 563 feet of 6-inch pipe costing $682.38, less $368.53 paid by Mr. Ames	313 85
Churchill's Lane, 602 feet of 6-inch pipe	695 72
Otis Street, material used for changing pipe	25 38
Belcher Circle extension, 150 feet of 4-inch pipe	207 50
Adams Street, near Webb Mill, 40 feet of 6-inch pipe	133 94
Total	$7,147 88

There was also laid in Randolph Avenue, from the Metropolitan Park line to a point near the Park stable, 584 feet of 6-inch pipe, costing $927.58. The cost of this construction was paid by the State. The Metropolitan Park Commissioners connected their buildings in the vicinity with this line of pipe. One hydrant for fire protection was installed.

A 6-inch pipe, with one hydrant connected, was laid in the Minot property off Brush Hill Road for a distance of 504 feet. This work cost $693.96, which was paid by the owners of the property.

In the course of making the extensions above described, 11 hydrants were installed, 8 in public streets and 3 in private property. The cost of the same is included in the foregoing figures.

The number of hydrants now existing in public streets is 351, and in private property 27, making a total of 378.

The number of active services has been increased during the year from 1,510 to 1,587. Of the services added, 73 were new services and 4 were services that had been inactive during the previous year.

Connection of dead ends of mains was effected by the work done in Willard Street, Lincoln Street, and Blue Hill Avenue. The result of completing a circuit by the connection of dead ends is beneficial to the section of the Town in which it is done, in that it improves the quality of the water and decreases the area which may be inconvenienced by an interruption in the service.

Beginning with April 1, 1912, water rates were reduced. Under the former rates, where the premises supplied contained but one tap, a minimum charge of $7 per year was made, for which the user was allowed 2,400 cubic feet of water. Where two or more taps existed, the minimum charge was $14 per year, for which sum 4,800 cubic feet of water were allowed. Above these amounts the price of metered water was at the rate of 33⅓ cents per 100 cubic feet, less 5 per cent discount. Under the new rates the minimum charges were lowered from $7 and $14, as above indicated, to $6 and $12, the amount of water allowed for such minimum charges being the same as previously. Water in excess of the minimum allowance is charged for at the rate of 25 cents per 100

cubic feet. The Commissioners were in some doubt as to the extent by which the income of the department for the year would be decreased by this change of rates, and for that reason were cautious in laying out extensions of the system during the working season. The result of the existence of the lower rates for the last nine months of the year was a reduction in income from water takers of about $4,000, which was a smaller decrease in income than was anticipated. The average amount paid per service was reduced from $25.98 to $22.06.

On July 1 the Workingmen's Compensation Act came into force. The result of this was an increase of $343.74 in our insurance bill.

The Water Department was obliged to meet unprecedented difficulties caused by the continuous cold which existed during the months of January and February. In eighteen places the water in mains or service pipes froze, in many cases at a depth of five feet under the surface. To thaw the ice electrical apparatus was used.

The balance on hand at the date of the annual Town meeting, $1,465.53, reverted to the general treasury of the Town.

The Commissioners in the past have believed that it was for the best interests of the Town to extend the mains at public expense only in the accepted public streets of the Town. Some of the Commissioners have felt, however, that the time might come when it would seem proper to spend a certain amount each year, under conditions tending to secure the Town from loss, to extend the mains in private ways. It is possible that, during the coming year the Commissioners may find that the conditions warrant the beginning of such a policy. In order to be in a position to make proper progress in extensions of the water system, the Commissioners believe that the Town should appropriate not less than

$2,500 at the next March meeting for the extension of mains.

The following figures show sums expended from Town funds on the water plant:

Amount paid for Milton Water Co.		$199,608 35
Bonds of Milton Water Co. paid off		120,546 67
Appropriation for extension in 1903		4,000 00
Appropriation for extension in 1904		5,000 00
Appropriation for extension in 1905		4,000 00
Appropriation for extension in 1906		7,000 00
Appropriation for extension in 1907		4,000 00
Appropriation for extension in 1908		4,000 00
Appropriation for extension in 1909		3,000 00
Appropriation for extension in 1910		2,000 00
Appropriation for extension in 1911		1,000 00
Appropriation for extension in 1912		3,000 00
Total		$357,155 02
Less balance reverting in 1904	$8,908 09	
Less balance reverting in 1906	220 59	
Less balance reverting in 1907	2,042 52	
Less balance reverting in 1908	1,520 80	
Less balance reverting in 1909	985 68	
Less balance reverting in 1910	1,900 75	
Less balance reverting in 1911	3,211 68	
Less balance reverting in 1912	1,465 53	
		20,255 64
		$336,899 38
11 bonds have been paid at maturity in each of the years 1903 to 1912 inclusive, amounting to		$110,000 00

Respectfully submitted,

REGINALD M. JOHNSON,
THOMAS B. GORDON,
JESSE B. BAXTER,
Water Commissioners.

$5,000 Outstanding Dec. 31, 1912

FUNDS HELD BY THE TOWN

PERPETUAL CARE FUND

Amount held December 31, 1912 . . . . . $28,361 00

This fund is held by the Town Treasurer in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

JASON REED CEMETERY FUND

Amount held December 31, 1912 . . . . . $2,626 67

The interest on this at the rate of 4 per cent per annum is paid over to the Trustees of the Cemetery.

E. T. L. REED PUBLIC PARK FUND

Amount held December 31, 1912 . . . . . $4,315 57

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

MARY L. PEABODY FUND

Amount held December 31, 1912 . . . . . $5,000 00

The clause under which this bequest is given reads as follows: "To the Selectmen of the Town of Milton, Massachusetts, $5,000, to be invested and the income thereof to be distributed annually to the poor at Christmas."

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of the Town of Milton:

The School Committee submits herewith its Report for the year ending December 31, 1912.

At the end of eleven years of service Mr. Asher J. Jacoby resigned the superintendency of schools to accept a similar place in the City of Elmira, New York, a position of greater responsibility, with a considerable increase of salary.

In the opinion of the committee, the satisfactory condition of the schools is in no small measure due to Mr. Jacoby.

Under Mr. Jacoby's leadership, the Milton schools in the past ten years have furnished an example of judicious experimentation in the necessary broadening of the former narrow curriculum which did not reach the needs of the majority of the pupils in an effective way. And all this has been accomplished only after thorough investigation and consideration, and with due regard to expense.

The system which Mr. Jacoby devised some years ago for our School Savings Banks has been recently recommended by the Savings Bank Commissioner for general adoption in the schools of the State.

The committee found the duty of selecting a successor to Mr. Jacoby no light undertaking, but after carefully considering the qualifications of more than sixty men, and after a sub-committee had visited the schools of some of those who were most seriously considered, the committee elected Mr. Frank M. Marsh, the present Superintendent.

Mr. Marsh was born in Lowell, Massachusetts, is a graduate of Boston University and Harvard College, and

was for eleven years, before coming to Milton, Superintendent of Schools in Fairhaven, Massachusetts.

The two-year courses of pre-vocational character, which were introduced into the High School last year in the hope of preventing elimination and holding pupils who would otherwise withdraw from the schools, and of stimulating their desire for further liberal education, are evidently accomplishing their aim.

The committee feels that the development of manual arts courses is extremely important, with the object of keeping in the schools boys and girls who find nothing attractive in the ordinary classical training, and who, if thrown upon the world at about the age of fourteen, are of little value.

It is interesting to note in this connection that the School Committee of Brookline has within a few weeks asked for a special appropriation to establish classes that will have for their main object instruction in all lines of manual training for the benefit of grade school graduates to whom the regular high-school courses do not appeal.

In our last report we recorded the fact that in accordance with the vote of the town in 1910, the committee made a demand on the Trustees of the Leopold Morse Home for the extra expense to the town for the tuition of the children from the Home, and that the first payment had been made. We now have to report that on the 7th of March, 1912, the forty-nine children then in the schools from the Home were withdrawn.

In our last report we recommended an increase in the salaries of grade teachers from $700 to $800. Our appropriation from the town in March, 1912, was sufficient to increase these salaries, to a maximum of $750. We are still of opinion, for the reasons stated in our last report, that these salaries should soon be increased to

$800. We do not, however, ask for any increased appropriation for this purpose this year.

For a number of years the question of closing the Thacher School has been discussed. The completion of the Vose School and the necessary extended absence of Miss Sears, the principal of the Thacher School, on account of serious trouble with her eyes, seemed to the committee to furnish good and sufficient reasons for closing the school. The transfer to the Vose School was made during the Thanksgiving recess of 1912.

We wish to reiterate the statement made last year in our report that in our opinion it is unwise to attempt to transport young children long distances; especially when the population is widely scattered as in the Houghton and Sumner School districts.

The committee feels that a special appropriation should be made by the town to cover the extra expense involved by the extended and constantly growing use of the school buildings by the parents' associations, educational societies and kindred organizations leading towards a more general education and community betterment.

On the occasion of the 250th Anniversary of the Town last June, an exhibition of the work done by the pupils was held in the High School Building. This exhibition caused a great deal of favorable comment by the citizens and strangers alike and reflected favorably on the school system in no uncertain manner. Here was displayed tangible evidence of the excellent work which is being done by the pupils in our schools under the intelligent directions of our capable corps of teachers.

The committee has read with interest the Report of the Committee of Public Education, which has recently been placed in the hands of the voters for their information. The report is receiving and will continue to receive the careful attention of the committee, as it

deals with many questions of importance to our schools. We do not feel that it is incumbent upon us to discuss or comment upon the report at this time, other than to state that while we are in accord with some of the conclusions, we are not prepared to agree with others.

The committee desires to gratefully acknowledge the following gifts which have been made to the schools during the year:

High School:

Large bust of Lincoln with pedestal, from class of 1912.

Vose School:

Pictures—Bromide enlargement of a steel engraving of Abraham Lincoln, by Marshall, from Col. Oliver W. Peabody Camp 74, Sons of Veterans.—"Race of St. Mark's" (colored foreign photograph), from class of 1912.

Tucker School:

Pictures—"The Charge" by Scheyer, from class of 1912.

Belcher School:

Pictures—"The Pilgrims Going to Church," from class of 1912.

Statistics, 1912

Assessed valuation of the town	$27,359,789 00
Total amount raised by taxation	314,637 57
Amount expended for general school purposes	87,075 46
Amount expended for transportation of pupils	1,744 00
Amount expended for medical inspection	865 05
Total school expense	$89,684 51
Percentage of school expense to total tax levy	.285
Percentage of school expense to valuation	.003+
Cost per pupil based on average membership	$67 02
Cost per pupil based on total enrollment	59 43

Requirements for 1912

Your committee has made careful estimates for the ensuing year and is of the unanimous opinion that the following amounts should be appropriated:

The estimates are—

General school expenses	$89,200 00
Transportation of pupils	2,000 00
Medical services and nurse	1,000 00

Theron A. Apollonio, *Chairman*
Percy E. Sheldon, *Secretary*

PART I
EDUCATIONAL SURVEY

REPORT OF THE SUPERINTENDENT

To the School Committee:

It becomes my privilege at this time to present the thirty-third annual report of the superintendent of schools. Since my services in the Milton School Department began only a few months ago, this report must necessarily be limited in its character and scope.

The well-known reputation of the Town of Milton and a knowledge of its excellent public school spirit and endeavors, made the call to service here unusually strong and attractive.

From all I could discover before coming to Milton I was convinced that the affairs of the School Department had for a long period of years been entrusted to an unusually high type of men and women, who with intelligence and disinterestedness had devoted themselves to the welfare of the public schools.

During the months which have elapsed since coming to Milton, this impression has become a firm conviction. This fact alone means much to any school system, and causes one to enter upon this complicated and responsible work with hopefulness and ambition.

I find as I am endeavoring to become familiar with the teaching staff, the school organization, and equipment, that the standards have been high. However, as in any human or progressive enterprise, there are always opportunities, and often more or less pressing demands for modification, improvement, or expansion, in one direction or another.

The Milton teaching staff is, without doubt, generally superior, when compared with most towns and cities. The organization of the school system is comprehensive,

beginning with a suitable kindergarten or sub-primary class, and culminating in an excellent High School, having broad aims and high standards. To my mind the most conclusive evidence of the high aims and excellent results of the teaching was the very comprehensive and convincing exhibition of the work of all the departments of the schools, in June, 1912, in the High School building, as a part of the 250th Anniversary celebration.

Anything that has been written or that may be written at the present moment, could not be so definite and adequate a reflection of the spirit and real accomplishments in all departments as was your intelligent observation of this exhibit.

Although the town is spread over a large area, with some sections having a widely scattered population, it appears that you have wisely provided for all the small children in reasonably convenient schoolhouses, and have furnished for the older children, free conveyance, either in barges or on the street cars, to a new, central, well-equipped grammar school building.

This provision for convenient school opportunities for the children below the sixth grade in the Sumner, Houghton, Wadsworth, and Glover sections; with free conveyance, where necessary, for pupils above and including the sixth grade to the Vose School, appears to be as wise as due regard for justice and economy will allow.

In the Belcher and Tucker districts I find completely organized elementary schools, having grades from the kindergarten to the eighth, inclusive. All these sections and schools radiate, naturally, around the High School* at the center of the town. This highest and crowning provision of the school system is unusually well patron-

*The report of Mr. Curtis, principal of the High School, contains information and facts of so much public interest that it is printed herewith and should be carefully read. (See pages 23 to 26.)

ized, and is, obviously, in a conservative and effective way, trying to meet many of the requirements which are demanded, not only by higher institutions, but also by the needs of modern economic conditions.

The increasing needs and demands of industries, business and the professions are impressing themselves upon boys and girls, generally. But to a very marked degree Milton boys and girls seem to be seeking a more adequate preparation for rational living and service, through the opportunities offered in the High School courses.

The increasing enrollment in itself is straining the present plant to the limit. Some quite essential provisions are entirely missing, while other departments are either cramped for suitable space, or for lack of equipment, or both. It is clearly evident that the accommodations here are already inadequate, and that the incoming classes will make expansion or other provision very soon necessary.

As in every place, there are in Milton many problems connected with the efficient management of the public schools. It is as unnecessary as it would be unwise, for me at this time to make any definite or radical suggestions.

The more one knows about the difficulties and intricate problems connected with the efficient management of public schools, the more certain one feels that superficial observation and resultant conclusions are to be avoided.

I shall, however, as time goes on, consider it my serious and constant duty, not only to assist in keeping the schools up to their present high standards, but to discover and point out possible ways of expansion, elimination, and modification, to the end that there may be the most rational aims and most desirable results; always with due regard for reasonable and economical expenditures. The aims and purposes of public school education must necessarily from time to time be changed and modified

to meet the industrial, social, and economic needs of the times.

I find from reading the reports issued by your department in the past fifteen or twenty years, that there has been a constant and conservative endeavor to make such adoptions and adaptations as would best enable boys and girls to prepare themselves for the environment into which they must enter.

In the report of 1893, the chairman of the Board pointed out the needs for the introduction of such courses as would furnish more proper and practical means of development for those pupils, whose training could not be best secured through the existing courses which were entirely of the classical or bookish sort.

Apparently there has been a consistent effort ever since to provide the means of education, not merely through books, but by means of laboratory practice in the sciences, and in various manual arts, which are adapted to both boys and girls. For several years there has been in successful operation the so-called commercial course, which may be accurately described as vocational. The rather modest expansion of these manual arts and household arts, courses in woodworking, dressmaking, cookery, and printing, may have a tendency to exert at least pre-vocational influences, in addition to their fundamental function of furnishing to the boy or girl who is not book minded, not only the means but the temptation to secure, at least, the beginning of a more liberal education than is offered in the elementary school.

These broad developments and provisions to meet the future needs of all the boys and girls of the community, within reasonable limitations, seem not only just to the boys and girls, but also, considered in the light of the future citizenship of the town, economically wise.

The financial ability of the town, the characteristic willingness to appropriate money for the training and development of its children, the willingness of the best citizens of the town from time to time to serve in this department as members of the School Committee; the splendid local pride and interest in the public schools; the possibilities of a trained corps of teachers and supervisors, each faithfully and loyally working not for any particular phase or branch of the service, but for the common interest of boys and girls from the time they enter the kindergarten, until honorable and successful graduation from the High School, make the Milton educational enterprise not so much a problem as a splendid opportunity.

It is with this thought in mind that I have entered upon the work. I appreciate to the fullest extent the cordial and kindly spirit with which I have been received by the parents, teachers, and citizens, generally.

I am under great obligation to my predecessor for leaving the affairs of administration in such excellent shape. I wish especially, in this formal way to thank the members of the Board for their indispensable assistance and good will.

FRANK MONROE MARSH,
Superintendent.

January 15, 1913.

SPECIAL REPORTS

AND

STATISTICS

HIGH SCHOOL PRINCIPAL'S REPORT

MR. FRANK M. MARSH, *Superintendent of Schools.*

DEAR SIR:—Herewith you will find presented my third annual report as principal of the High School, covering the period from February 1, 1912, to date.

The number of pupils registered for the current school year is 274, or four less than last year. This loss is due entirely to the fact that but 82 pupils were graduated from the grammar schools last June, as opposed to the unusually large number of 113 of the previous year.

All other classes are larger than ever before, as will be seen from a comparison with the figures for last year, which was hitherto the high-water mark.

	1912—13*	1911—12
Seniors	40	33
Juniors	67	53
Second year	73	70
First year	85	114
Post graduates	9	8
	274	278

Even in the entering class a relative gain has been made in the percentage of grammar graduates who entered High School. Last year 80 per cent entered the High. This year 81.7 per cent entered, a gain of 1.7 per cent.

Another interesting item is that both last year and this our entering class numbered more pupils than were graduated from the combined grammar schools of the

*To date.

town, notwithstanding the fact that there was practically no increase in the population of the town.

The regularity of attendance is an index of the general earnestness of the school. Last year we reached the high mark of 95.83 per cent. This year, to date, the record stands at 97.22 per cent.

The present senior class, numbering 40, is the largest in the history of the school. Upon entry this class numbered 62. Thus it will be seen that 64½ per cent of them has persisted. Reliable statistics indicate that the average per cent of high school pupils who continue to the fourth year is 28.*

Of the 18 pupils sent on trial from the grammar schools in September, 1911, to the new experimental two-year courses, 12 earned promotion at the close of the year; 4 left school within a week; and 2 finished the year but failed to secure promotion. This year 5 pupils who could not secure a grammar school diploma were allowed to try one of the two-year courses in the High School. Four of these are doing creditable work and will secure promotion.

Perhaps the most pleasing evidence of the school's work for the last year is the fact that, notwithstanding the presence of the large number of the above-mentioned class of pupils, who had been formally adjudged to be sub-normal in their rate of progress, nearly all of whom having been repeaters at some time in their previous school course in the grades, the total retardation in the High School last year was but 3.9 per cent. In other words, more than 96 per cent of all the pupils who finished the school year in June were promoted.

Still another interesting item is the fact that the percentage of high school pupils who come to us from other town and city systems, and who fail in their work

*Ayer's "Laggards in Our Schools," 1909. Russell Sage Foundation.

here, is much in excess of the percentage of failures from our own local system. It is also true that the pupils who come to us from other towns are usually older than those in the same grade from our own system.

These facts, then, are evident: 1. That the school is attracting an unusually large percentage of the town's grammar school pupils, and that this percentage is still growing; *2.* That more than 96 per cent of these pupils are being promoted; *3.* That the average per cent of attendance (97+) manifests a healthy interest by the pupils in their work; *4.* That such comparison as we can make with pupils from other school systems indicates that the standard of work is not low. These are all commonly regarded as important tests of school efficiency.

There can be no doubt but that these results are due, in a considerable measure, to the opportunity offered by the course of study to present courses adapted to the special powers and interests of the actual individuals in attendance at a given time, as opposed to theoretical pupils who are traditionally supposed to be interested in certain subjects, in which they obstinately refuse to be interested. In this way the school is ministering to the needs of all classes, by providing courses especially adjusted to the powers and interests of its real boys and girls.

Last September graduates of the school entered the following colleges and technical schools: Pennsylvania State College, Mt. Holyoke, Dartmouth, Boston University, N. H. State College, Wesleyan University, Amherst Agricultural College, Mass. Normal Art School, Sargent Normal School of Gymnastics.

Seven others have continued their education in various schools for specialized work other than commercial.

The school still has no gymnasium where boys' work can be carried on, and therefore gives no training to them.

The assembly hall will not seat the entire school except by placing chairs in front of the entrance. The laboratories are inadequate and ill-adapted to modern needs, as is the science demonstration room. There are not sufficient rooms at all times large enough to accommodate the classes.

The situation in regard to the financing of athletics is somewhat unusual in Milton. The reasons for it are too numerous to discuss here. Too much time is spent in most towns by pupils and teachers in raising small sums of money for athletics. I am convinced that it would be the most economical method here for the town to appropriate annually a small sum, perhaps $500, for this purpose, to be expended under the direction of the School Committee.

All who saw the exhibit of the entire school system last June know of the quality and character of the work done far better than it can be demonstrated in print. The same kind of work is being done this year.

Respectfully submitted,

CHARLES L. CURTIS,

Principal.

CLASS SONG

Words by Pauline G. Shapleigh

Tune: "My Rosary"

I

The hourglass has outrun its course,
And Iris with her wings unfurled
Stands waiting on the shores of life
To lead us out from childhood's world.

II

Farewell, farewell, dear school, dear friends,
Tears of regret our eyes bedew,
The while our hearts with joy abound,
As prospects rise before our view.

III

Thy loyal children loath to go,
With eager hearts thy praises swell;
Thy lessons will we e'er hold dear,
Dear fostering mother, fare thee well.

School Enrollment and Attendance

From September 11, 1911, *to June* 23, 1912

Number of different pupils enrolled	1,509
Average membership	1,338
Average attendance	1,252
Percentage of attendance	94

Enrollment by Years

From September, 1899, to July, 1900	1,288
From September, 1900, to July, 1901	1,384
From September, 1901, to July, 1902	1,507
From September, 1902, to July, 1903	1,528
From September, 1903, to July, 1904	1,552
From September, 1904, to July, 1905	1,559
From September, 1905, to July, 1906	1,516
From September, 1906, to July, 1907	1,508
From September, 1907, to July, 1908	1,580
From September, 1908, to July, 1909	1,585
From September, 1909, to July, 1910	1,573
From September, 1910, to July, 1911	1,541
From September, 1911, to July, 1912	1,509

Percentage of Attendance by Years

1901	91.2
1902	92.9
1903	90.1
1904	90.2
1905	90.7
1906	93.3
1907	92.4
1908	92.3
1909	93.
1910	93.
1911	93.
1912	94.

MEDICAL INSPECTION REGULATIONS

School Physician

1. The school physician is to visit the schools whenever he is directed to do so by the superintendent of schools.

2. The school physician shall make a prompt examination and diagnosis of all children referred to him as hereinafter provided, and such further examination of teachers, janitors, and school buildings, as in his opinion the protection of the health of the pupils may require. The school physician shall make a prompt examination of every child who wishes to obtain an age and schooling certificate, as provided in Section 60 of Chapter 514 of the Acts of the year 1909, and who presents to said physician an employment ticket, as provided in said section, and the physician shall certify in writing whether or not in his opinion such child is in sufficiently sound health and physically able to perform the work which the child intends to do.

3. There shall be referred to the school physician for examination and diagnosis every child returning to school without a certificate from the Board of Health, after absence on account of illness or from an unknown cause.

4. The school physician may be consulted by the superintendent of schools on any matter pertaining to the health of the children.

5. Principals shall promptly notify the superintendent by telephone, whenever in their judgment the services of the school physician are needed.

School Nurse

1. The school nurse shall assist the school physician, follow up his recommendations, and so far as possible see that his directions are carried out.

2. She shall visit each school at such times as she may be directed by the superintendent of schools, observe the general health conditions, inspect the children as to cleanliness and obvious defects, and help the teachers by advising them on matters of health.

3. She shall report in person to the principal of the school or the teacher in charge, immediately upon her arrival each day and before her departure.

4. She shall keep such records in such form as the superintendent may determine.

5. She may visit excluded pupils at their homes; provided that such visits shall not be made in cases of smallpox, scarlet fever, diphtheria, measles, whooping cough, or mumps, and keep a record of all her visits, and the results of all her visits. She shall revisit from time to time as may be necessary.

6. She may visit the homes where there are flagrant cases of pediculosis and show the mothers how to treat the condition and encourage persistence.

7. She shall not treat cases of trachoma, but shall urge upon parents where necessary the need of treatment, and if advisable take the child to a dispensary.

8. She shall under the direction of the school physician give first aid in cases of minor cuts and bruises.

9. She shall check up vaccination records.

10. She shall make the sight and hearing tests of the children.

11. She shall urge upon parents, where necessary, the importance and value of a proper care of the teeth.

12. In general, under the direction of the superintendent of schools, she shall perform such other professional duties, consistent with the nature of her work, which will promote better hygienic living in school and home.

Diseases

1. No child shall be admitted to school who has not been vaccinated, except upon presentation of a certificate granted for cause stated therein, signed by a regular practicing physician, that he is not a fit subject for vaccination.

2. A child who is a member of a household in which a person is ill with smallpox, diphtheria, scarlet fever, measles, or any other infectious or contagious disease, or of a household exposed to such contagion from another household as aforesaid, shall not attend any public school during such illness until the teacher of the school has been furnished with a certificate from the Board of Health, or from the attending physician of such person, stating that danger of conveying such disease by such child has passed, and that in the case of smallpox, diphtheria, and scarlet fever, at least two weeks, and in case of measles, at least three days, have elapsed since the recovery, removal, or death of such person.

3. A child sick with either smallpox, scarlet fever, measles, chicken pox, tuberculosis, diphtheria, or influenza, tonsilitis, whooping cough, mumps, scabies, trachoma, or other infectious disease, shall be excluded from school, and shall not be allowed to return until the teacher of the school has been furnished with a certificate from the Board of Health or from the attending physician of such person, stating that danger of conveying such disease by such child has passed; and that in case of small pox, diphtheria, and scarlet fever, at least two weeks, and in case of measles, at least three days, have elapsed since the recovery, removal, or death of such person.

4. Notice of the disease or defects, if any, from which any child is found to be suffering, shall be sent to his parent or guardian. A child showing symptoms of smallpox, scarlet fever, measles, chicken pox, tuberculosis, diphtheria, or influenza, tonsilitis, whooping cough, mumps,

scabies, or trachoma, is to be sent home immediately, or as soon as safe and proper conveyance can be found, and the Board of Health shall at once be notified.

5. Children showing symptoms of pediculosis, ring worm, or impetigo, shall be excluded until danger of contagion has passed, and the parent or guardian shall be notified at once of the exclusion.

6. Whenever it is found advisable, a child who is a member of a household in which a person is ill with any infectious or contagious disease other than the foregoing, may be excluded until the teacher has been furnished with a certificate from the Board of Health of the town, or from the attending physician of such person, stating that danger of conveying such disease by such child has passed.

7. Each child in the public schools shall be separately and carefully tested and examined at least once in each year to ascertain whether he is suffering from defective sight or hearing, or from any other disability or defect tending to prevent his receiving the full benefit of his school work, or requiring a modification of the school work in order to prevent injury to the child or to secure the best educational results. Notice of any defect or disability requiring treatment shall be sent to the parent or guardian of the child, and a physical record of each child shall be kept in such form as the State Board of Education shall prescribe.

8. A household includes all persons occupying the same rooms and using the same entries.

If two or more families occupy the same house, but with separate entrances, and they use no rooms in common, such families are considered to be separate and distinct households. All doubtful cases shall be referred by the superintendent to the Board of Health for decision.

9. A monthly report of medical inspection shall be sent to the superintendent by the principal on blanks furnished for the purpose.
